Case No. 5441

SUPPLEMENTAL OPINION AND ORDER

The minimum rates for parcel delivery service set forth in Item 265 of Minimum Rate Tariff 2, Item 850 of Minimum Rate Tariff 1-B, Item 420 of Minimum Rate Tariff 9-B, and Item 425 of Minimum Rate Tariff 19 were established to meet the rates published and maintained by United Parcel Service, Inc. By Decision No. 84012, entered today, United Parcel Service, Inc. was authorized to increase its package rates by 10 cents per package. The Commission finds that the aforementioned tariffs should be amended to reflect that increase in the parcel delivery rate, and that common carriers should be directed to raise their rates to the level of the rates authorized to United Parcel Service or to the minimum rates, whichever is lower.

Therefore, IT IS ORDERED that:

1. Minimum Rate Tariff 2 (Appendix D of Decision No. 31606, as amended) is further amended by incorporating therein, to become effective February 21, 1975, Seventh Revised Page 27-D, attached hereto and by this reference made a part hereof.

2. Minimum Rate Tariff 1-B (Appendix B of Decision No. 65834, as amended) is hereby further amended by incorporating therein, to become effective February 21, 1975, Eighteenth Revised Page 43, attached hereto and by this reference made a part hereof.

3. Minimum Rate Tariff 9-B (Appendix A of Decision No. 67766, as amended) is further amended by incorporating therein, to become effective February 21, 1975, Tenth Revised Page 45, attached hereto and by this reference made a part hereof.

4. Minimum Rate Tariff 19 (Appendix A of Decision No. 41363, as amended) is hereby further amended by incorporating therein, to become effective February 21, 1975, Twenty-ninth Revised Page 40, attached hereto and by this reference made a part hereof.

5. Tariff publications required to be made by common carriers as a result of Ordering Paragraphs 1 through 4 may be made effective not earlier than the fifth day after the effective date of this order on not less than five days' notice to the Commission and to the public and shall be made effective not later than February 21, 1975.

6. In all other respects Decisions Nos. 31606, 65834, 67766, and 41363, as amended, shall remain in full force and effect.

7. Common carriers maintaining under outstanding authorizations permitting the alternative use of common carrier rates, parcel delivery rates comparable to the rates maintained by United Parcel Service, Inc., but otherwise less than the minimum rates established by the Commission applicable thereto, are authorized and directed to increase such rates to the level of the rates

authorized in Decision No. 84012 in Application No. 55317, or to the level of the minimum rates specified and established in the Commission's minimum rate tariffs, whichever is the lower. Tariff publications authorized and required to be made by common carriers as a result of this ordering paragraph may be made effective not earlier than the fifth day after the effective date of this order, on not less than five days' notice to the Commission and to the public, and shall be made effective not later than thirty days after the effective date of the tariff publications made pursuant to the authority granted in Decision No. 84012.

8. Common carriers, in establishing and maintaining the rates authorized hereinabove, are hereby authorized to depart from the provisions of Section 460 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules containing the rates published under this authority shall make reference to the prior orders authorizing the long- and short-haul departures and to this order.

The effective date of this order shall be ten days after the date hereof.

Dated at San Francisco, California, this 21st day of JANUARY, 1975.
