ORDER MODIFYING ORDERING PARAGRAPH 2 OF  
DECISION NO. 84406 DATED MAY 6, 1975

Decision No. 84406 dated May 6, 1975 contained Ordering  
Paragraph 2 reading as follows:

"San Gabriel Valley Water Company, successor  
to Vallecito Water Company, shall furnish  
reservoir and booster pump facilities  
to not more than 92 dwelling units, in API's  
57 acre tract, without any further charge  
to API, its transferees or assignees, for such  
facilities, provided that API, its transferees or  
assignees, apply for water service for 92 or  
less dwelling units in said tract within two  
years from the effective date of this order."

Affiliated Properties, Inc. (API) has petitioned the Commission to modify the time limitation within which it may apply for the water service from two years to five years, for various suitable reasons. API has represented that it has conferred with the water company, which has indicated it has no objection to the requested extension of time. Since the request is reasonable, and will not affect the substantive rights of the parties as delineated in Decision No. 84406, we shall grant the request.

Therefore, IT IS ORDERED that Ordering Paragraph 2 of Decision No. 84406 dated May 6, 1975 is amended to read as follows:

San Gabriel Valley Water Company, successor to Vallecito Water Company, shall furnish reservoir and booster pump facilities to not more than 92 dwelling units, in API's 57 acre tract, without any further charge

to API, its transferees or assignees, for such facilities, provided that API, its transferees or assignees, apply for water service for 92 or less dwelling units in said tract within five years from the effective date of this order.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 24th  
day of JUNE, 1975.
