Application No. 55683
(Filed May 9, 1975)

OPINION AND ORDER

J. Scott Clare, as Executor of the Estate of Jeannette S. Clare, operates as a public utility warehouseman at Butte City and vicinity pursuant to a certificate of public convenience and necessity granted by Decision No. 83465 dated September 17, 1974, in Application No. 55040. By this application, he seeks to transfer, and Colusa Land Company, a California corporation, to acquire the aforementioned operative right and property.

J. Scott Clare states that he has secured an order from the Colusa County Superior Court to sell all of the estate's right, title and interest in and to the real property and improvements known as the Butte City Warehouse to the Colusa Land Company.

Colusa Land Company has considerable expertise and knowledge of warehouse operations and intends to adopt and continue to use the prescribed rates of the present holder of the authority. The cash consideration is \$50,000 and the indicated net worth of Colusa Land Company is \$904,917.

After consideration, the Commission finds that the proposed transfer would not be adverse to the public interest and, with reasonable certainty, the project involved in this proceeding will not have a significant effect on the environment. A public hearing

is not necessary. The order which follows will provide for, in the event the transfer is completed, the revocation of the certificate held by J. Scott Clare, as Executor of the Estate of Jeannette S. Clare, and the issuance of a certificate in appendix form to Colusa Land Company.

The authorization granted shall not be construed as a finding of the value of the right and property authorized to be transferred.

Colusa Land Company is placed on notice that operative rights, as such, do not constitute a class of property which may be capitalized or used as an element of value in rate fixing for any amount of money in excess of that originally paid to the State as consideration for the grant of such rights. Aside from their purely permissive aspect, such rights extend to the holder a full or partial monopoly of a class of business. This monopoly feature may be modified or cancelled at any time by the State, which is not in any respect limited as to the number of rights which may be given.

IT IS ORDERED that:

1. On or before November 1, 1975, J. Scott Clare, as Executor of the Estate of Jeannette S. Clare, may sell and transfer the operative right and property referred to in the application to Colusa Land Company.
2. Within thirty days after the transfer the purchaser shall file with the Commission written acceptance of the certificate and a true copy of the bill of sale or other instrument of transfer.
3. Purchaser shall amend or reissue the tariffs on file with the Commission, naming rates and rules governing the warehouse operations transferred to show that it has adopted or established, as its own, the rates and rules. The tariff filings shall be made effective not earlier than five days after the effective date of

this order on not less than five days' notice to the Commission and the public, and the effective date of the tariff filings shall be concurrent with the transfer. The tariff filings made pursuant to this order shall comply in all respects with the regulations governing the construction and filing of tariffs set forth in the Commission's General Order No. 61-Series. Failure to comply with the provisions of General Order No. 61-Series may result in a cancellation of the operating authority granted by this decision.

4. On or before the end of the third month after the transfer the purchaser shall cause to be filed with the Commission, in such form as the Commission may prescribe, an annual report, or reports, related to the operations of the seller for the period commencing with the first day of the current year to and including the effective date of the transfer.

5. In the event the transfer authorized in paragraph 1 is completed, effective concurrently with the effective date of the tariff filings required by paragraph 3, a certificate of public convenience and necessity is granted to Colusa Land Company, a corporation, authorizing it to operate as a public utility warehouseman, as defined in Section 239(b) of the Public Utilities Code, for the operation of storage or warehouse floor space set forth in Appendix A, attached hereto and made a part hereof.

6. The certificate of public convenience and necessity granted by Decision No. 83465 is revoked effective concurrently with the effective date of the tariff filings required by paragraph 3.

7. Purchaser shall maintain its accounting records in conformance with any applicable Uniform System of Accounts or Chart of Accounts as prescribed or adopted by this Commission, and each year shall file with the Commission an annual report of its operations
