Case No. 9819

OPINION AND ORDER

Minimum Rate Tariff 17-A (MRT 17-A) names minimum rates for the transportation of asphaltic concrete, rock, sand, gravel, slag and decomposed granite by highway carriers in dump truck equipment.

R. R. Munro, Manager of Public Affairs of Blue Diamond Materials, Division of Sully-Miller Contracting Company, has informed the Commission by letter that the parent company has purchased certain ready mix concrete batch plants from the Flint-kote Company. He requests that the listing of such plants in MRT 17-A be revised to reflect the aforementioned change of ownership.

In the circumstances, the Commission finds that revision of MRT 17-A, as requested, is justified. A public hearing is not necessary. The Commission concludes that MRT 17-A should be amended accordingly.

IT IS ORDERED that:

1. Minimum Rate Tariff 17-A (Appendix C of Decision No. 80578, as amended) is further amended by incorporating therein, to become effective August 9, 1975, Third Revised Page 3-3, Third Revised Page 3-4, Fifth Revised Page 3-5 and Fifth Revised Page 3-6, attached hereto and by this reference made a part hereof.

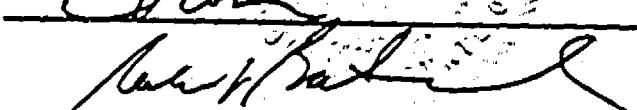

2. Tariff publications required to be made by common carriers as a result of this order shall be filed not earlier than the effective date of this order and may be made effective not earlier than the tenth day after the effective date of this order on not less than ten days' notice to the Commission and to the public and shall be made effective not later than August 9, 1975.

3. In all other respects, Decision No. 80578, as amended, shall remain in full force and effect.

The effective date of this order shall be twenty days after the date hereof.

Dated in San Francisco, California, this 8th day of July, 1975.
