SUPPLEMENTAL OPINION

Decision No. 84539 issued June 17, 1975 in these proceedings
stated as follows:

"The Commission intends that the rates established
pursuant to this order will expire in 150 days. The
Commission intends to implement a new regulatory
program within the 150-day period, which will require
the filing of tariffs by all highway permit carriers.

"The new regulatory program will be incorporated in
supplemental orders in these proceedings which will
be issued within 30 days. In the event hearing is
required, it is contemplated that such hearings will

be held and a final decision will be issued within a 90-day period. In the event a final decision is not issued within that period, the Commission contemplates freezing the minimum rates at the end of the 150-day period at the levels established prior to those resulting from the order herein."

In view of the significance of the proposed Commission action and because of commitments which prevent individual Commissioners from being present at Commission conferences scheduled in July and August, we have postponed the issuance of a decision outlining our new regulatory program beyond the 30-day period stated in Decision No. 84539. However, it is the intention of the Commission to issue such an order on or before August 15, 1975. All interested parties are so advised.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 8th
day of JULY, 1975.
