O P I N I O N

Santa Paula Water Works, Ltd., a corporation, by the above-entitled application filed August 11, 1975, and letter received September 16, 1975, seeks authorization of this Commission to carry out the terms of an agreement with Robert O. Boswell and Patricia E. Boswell permitting them to take not to exceed 65,340 cubic feet of water per year, but not in excess of 179 cubic feet of water in any 24-hour period, of surface flow from Santa Paula Creek for garden purposes. The price to be paid for the right to take water is \$45.31 per year and excess water taken will be charged at the maximum consumption block of General Metered Service, Tariff Rate Schedule No. 1. The terms of the agreement provide that it is to remain in effect from year to year until terminated by either party, subject to modification by this Commission.

An agreement for the same purpose was approved by the Commission in its Decision No. 57933, dated January 20, 1959, in Application No. 40652 for the Whitelaws, prior occupants of the Boswell property.

The Commission having considered the request of applicant is of the opinion that the application should be granted and that a public hearing is not necessary;
