Case No. 9820  
Petition for Modification  
No. 5  
(Filed August 27, 1975)

E. O. Blackman, for California Dump Truck Owners Association, petitioner.  
Thelen, Marrin, Johnson & Bridges, by Kennedy P. Richardson, William F. Hoefs, Attorneys at Law, and Richard E. Harrison, for Hillsdale Rock, Inc.; E. J. Bertana, for Lone Star Industries, Inc.; Jack Cedarblade, for Aggregates and Concrete Association of Northern California, Inc.; C. Ralph Eighmy, for C. Ralph Eighmy Associates; James R. Foote, for Associated Independent Owner Operators, Inc.; C. D. Gilbert and H. W. Hughes for California Trucking Association; Lawrence J. Klamecki, Attorney at Law, for A. J. Raisch Paving Company, Inc.; and William G. Lankford, for Kaiser Cement & Gypsum Corp.; interested parties.  
George H. Morrison and William J. Tait, for the Commission staff.

O P I N I O N

Minimum Rate Tariff 20 (MRT 20) contains zone rates for the transportation of rock, sand, and gravel in four- and five-axle dump truck equipment from defined production areas to designated delivery zones in Northern California. The rates in MRT 20 were

initially established on October 1, 1973 pursuant to Decision No. 81799 dated August 28, 1973 in Case No. 5437 (OSH 226). The dump truck rates and charges thus established reflected costs of operations in effect generally as of July 1, 1972. By the Commission's ex parte order in Decision No. 82993 issued June 18, 1974 in Case No. 5437 (Pet. 264 and Pet. 268), MRT 20 rates were adjusted to their present level in recognition of labor cost increases effective as of July 1, 1974. In this proceeding the California Dump Truck Owners Association (CDTOA) seeks further upward revisions in the MRT 20 rates so as to reflect increases in fuel cost, wages, and allied payroll expenses effective as of January 1, 1976.

Petition 5 of the CDTOA and Petition 6 of the Hillsdale Rock Co. were consolidated for public hearing before Examiner Gagnon at San Francisco on December 1, 1975. Petition 5 was submitted for decision, and Petition 6 was adjourned for further hearing on February 9, 1976.

The current level of MRT 20 zone rates is predicated upon cost data developed in the staff's Exhibit 264-1 (Decision No. 82993). In Staff Exhibit 1, presented in the Petition 5 phase of this proceeding, the historical cost data set forth in Exhibit 264-1 have been updated to reflect increased costs of operations effective as of January 1, 1976. The cost changes reflected in this exhibit are:

1. Wage rates and allied fringe benefits effective June 1, 1975.
2. Fuel cost adjustment to reflect an updated diesel fuel cost of 48 cents per gallon based upon Commission staff data bank fuel and oil cost reports as of September 1975.
3. Adjustment of Workers Compensation Insurance to reflect new rates of \$7.05 per \$100, effective October 1, 1975.

4. Elimination and/or adjustment of several traverse road links within the zone network due to changes in local ordinances covering the operation of dump truck equipment.

5. Adjustment to reflect increases in payroll taxes.

The updated cost data were integrated into established staff cost/rate formulae for subsequent electronic data processing of revised dump truck zone rates which reflect a cost/rate relationship of 92 percent. The staff also proposed to add Hillsdale Avenue to the traverse network for MRT 20 Production Area 43-F which was initially omitted through oversight.

The CDTOA concurs in the results of the staff's cost and rate proposals. No objections were raised by interested parties to the staff's suggested zone rates. The A. J. Raisch Paving Company (a protestant in the Petition 6 phase of this proceeding) objected to the staff's proposed addition of Hillsdale Avenue to the traverse network for Production Area 43-F. The staff cost witness explained that the initial omission of Hillsdale Avenue from the MRT 20 traverse network was an error which should now be corrected. The objections of the A. J. Raisch Paving Company to such recommended corrective action indirectly concern other related issues in Petition 6 which can best be resolved at the further adjourned hearing.

The staff rate witness presented revised MRT 20 accessorial service charges predicated upon the updated historical cost data. In addition, the rate witness presented an estimate of the increase in dump truck revenues resulting under the staff's rate proposal. A summary of the staff estimate is:

TABLE 1

Estimate Increased Revenue under Pet. 5

<u>Current Estimated Annual Rate of Earnings</u>	<u>Average Percentage Increase</u>	<u>Estimated Amount of Annual Increased Revenue</u>
\$15,800,000	10.2%	\$1,612,000

Findings

1. The present minimum zone rates contained in MRT 20 are predicated upon historical cost data developed by the Commission staff and set forth in Exhibit 264-1 (Decision No. 82993). The exhibit reflects labor and allied payroll operating expenses effective as of July 1, 1974.

2. As of June 1, 1975 dump truck carriers operating under the minimum zone rates contained in MRT 20 have incurred substantive increases in their labor costs.

3. In Commission Staff Exhibit 1 the historical cost data underlying the current level of MRT 20 zone rates have been updated to reflect increases in the dump truck carriers' costs for fuel, labor, and allied payroll taxes effective as of January 1, 1976. Indirect expenses were developed on the Wage (Cost) Offset method described in Decision No. 76353 (1969) 70 CPUC 277.

4. The overall 10 percent average increase in MRT 20 zone rates and charges necessary to reflect the January 1, 1976 revised cost data set forth in Exhibit 1 has been shown to be justified and the resulting rates and charges are the just, reasonable, and non-discriminatory minimum rates for the transportation services governed thereby. The increased rates will generate additional cost offset revenues amounting to approximately \$1,600,000.

5. The staff's recommended adjustments in MRT 20 production area traverse network are justified and should be adopted.

Conclusions

1. Petition for Modification No. 5 in Case No. 9820 should be granted.

2. MRT 20 should be amended as provided in the order herein.

O R D E R

IT IS ORDERED that:

1. Minimum Rate Tariff 20 (Appendix A to Decision No. 81799, as amended) is further amended by incorporating therein, to become effective March 20, 1976, the revised pages contained in Appendix A attached hereto and by this reference made a part hereof.

2. Common carriers subject to the Public Utilities Act, to the extent that they are subject also to Decision No. 81799, as amended, are directed to establish in their tariffs the increases necessary to conform with the further adjustments ordered by this decision.

3. Tariff publications required to be made by common carriers as a result of this order shall be filed not earlier than the effective date of this order and may be made effective not earlier than the fifth day after the effective date of this order on not less than five days' notice to the Commission and to the public and shall be made effective not later than March 20, 1976.

4. Common carriers, in establishing and maintaining the rates authorized by this order, are authorized to depart from the provisions of Section 461.5 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby

modified only to the extent necessary to comply with this order; and schedules containing the rates published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

5. In all other respects, Decision No. 81799, as amended, shall remain in full force and effect.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 18<sup>th</sup>  
day of FEBRUARY, 1976.
