Application No. 53875
(Filed March 5, 1973)

ORDER MODIFYING DECISION

By petition filed February 17, 1976, applicant, Park Water Company, requests modification of Decision No. 82687, dated May 21, 1974, to correct a deficiency in the rates and revenues authorized by that decision resulting from omission of expenses of water supply for a large customer, and the use of an erroneous number of customers. As a result, the annual revenues are deficient by \$37,300 or 0.88 percent. This error will hereby be corrected by increasing rates for general metered service.

IT IS ORDERED that after the effective date of this order, Park Water Company is authorized to file the revised rate schedule attached to this order as Appendix A. Such filing shall comply with General Order No. 96-A. The effective date of the revised schedule shall be four days after the date of filing. The revised schedule shall apply only to service rendered on and after the effective date thereof.

In all other respects Decision No. 82887 shall remain in full force and effect.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 16th day of MARCH, 1976.
