

Decision No. 85649

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of Bayview Trucking, Inc.,
 for authority to charge less than
 minimum rates in Minimum Rate Tariff
 No. 2 for Reynolds Metals Company, as
 provided in Section 3666 of the Public
 Utilities Code.

Application No. 55796
 (Filed July 8, 1975)

O P I N I O N

Applicant, Bayview Trucking, Inc., was granted temporary authority by Decision No. 84944 dated September 30, 1975 to assess the rates applicable to class 35.2^{1/} for the transportation of aluminum can ends. That authority was granted for a limited period during which applicant was to record actual revenues and expenses to be presented at a public hearing.

Applicant has provided data reflecting operational experience during the period of interim relief. These data indicate that the proposal will be profitable. Applicant advises that present conditions indicate that the original volume of 10 million pounds per year will be exceeded.

The information furnished by applicant is such that public hearing is unnecessary. The Commission finds that the requested relief has been justified and concludes that the application should be granted.

The temporary authority will expire March 30, 1976. In order that no lapse will occur this order will be made effective on the date hereof.

^{1/} Aluminum can ends are subject to a class rating of 35.1, which has a normal relationship of 55 percent to class 100. Class 35.2 has a normal relationship of 50 percent of class 100.

Since conditions under which the service is performed may change at any time, the authority granted in the ensuing order will expire at the end of one year unless sooner canceled, modified, or extended by order of the Commission.

O R D E R

IT IS ORDERED that:

1. Bayview Trucking, Inc., is authorized to depart from the minimum rates set forth in Minimum Rate Tariff 2 by charging those rates set forth in Appendix A of this decision. This authority does not include any deviation from any rates, rules, or regulations except as specifically set forth in Appendix A.

2. The authority granted shall expire one year after the effective date of this order unless sooner canceled, modified, or extended by order of the Commission.

The effective date of this order is the date
hereof:

Dated at San Francisco, California, this 30th day
of MARCH, 1976.

President
William Lyons
Vernon L. Stinson
Robert B. Stinson

Commissioners

APPENDIX A

Carrier: Bayview Trucking, Inc.

Consignor: Reynolds Metals Company, Sunset Whitney, California.

Destination: Various, California.

Commodity: Can Ends, Aluminum, in paper sleeves, on pallets with a shrink film overwrap.

Rate: Class 35.2 subject to notes 2, 3, 4, 5, and 7 of Item 640, MRT 2, original page 48-B.

Minimum Weight: 40,000 pounds per unit of carrier's equipment.

Note: An allowance of one hour free time for loading and two hours free time for unloading shall be made in connection with each unit of equipment used. Excess loading or unloading time shall be charged for at rates named in Item 145 of MRT 2. Time shall be computed from actual or shipper-designated time of arrival of carrier's equipment at place of loading or unloading, whichever is later, until loading or unloading is completed and carrier's equipment is released. Delay charges are for the account of the shipper.

Other than the authority described above, all other provisions of Minimum Rate Tariff 2 shall apply.
