

**ORIGINAL**Decision No. 85726

## BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation for the purpose of considering and determining minimum rates for transportation of rock, sand, gravel and related items in bulk, in dump truck equipment in Southern California as provided in Minimum Rate Tariff 17-A and Southern California Production Area and Delivery Zone Directory 1, and the revisions or reissues thereof.

Case No. 9819  
Petition for Modification  
No. 10

SUPPLEMENTAL OPINION AND ORDER

Decision 85515 in this proceeding established revised rates in Minimum Rate Tariff 17-A for the transportation of property in dump truck equipment. Certain of these rates do not reflect the intent of said decision as they are shown as applying to the transportation of slag when they should apply to the transportation of decomposed granite.

In the circumstances, the Commission finds that the necessary correction should be made by the order herein. A public hearing is not necessary. The Commission concludes that Minimum Rate Tariff 17-A should be amended accordingly. The ensuing order will be made effective on the date hereof as there is an immediate need for corrective action.

## IT IS ORDERED that:

1. Minimum Rate Tariff 17-A (Appendix C of Decision 80578, as amended) is further amended by incorporating therein, to become effective May 1, 1976, the revised pages in Appendix A attached hereto, and by this reference made a part hereof.

2. Common carriers subject to the Public Utilities Act, to the extent that they are subject to Decision 80578, as amended, are

directed to establish in their tariffs the amendments necessary to conform with the further adjustments ordered herein.

3. Tariff publications required to be made by common carriers as a result of this order may be made effective not earlier than the first day after the effective date of this order on not less than one day's notice to the Commission and to the public and shall be made effective not later than May 1, 1976.

4. Common carriers, in establishing and maintaining the rates authorized by this order, are authorized to depart from the provisions of Section 461.5 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules containing the rates published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

5. In all other respects, Decision 80578, as amended, shall remain in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 20<sup>th</sup> day of April, 1976.
