SUPPLEMENTAL ORDER

By Decision No. 86044 dated June 29, 1976, the Commission granted a certificate to Jeffrey W. Stickler and Bruce Poncel doing business as Catalina Island Water Transportation Company for authority to operate as a common carrier by vessel over certain described routes in and around Catalina Island. Conclusion No. 6 stated that because the season for shoreboat service is commencing shortly, this order should become effective on the date hereof. However the

tariff and timetable filings were ordered to be made on not less than five days notice to the Commission and to the public.

The Commission has received requests from the City of Avalon to make this service available at the earliest possible date so that service can be provided to the many boats tied up in Avalon Harbor during the 4th of July weekend.

The Commission finds that because of the immediate need for service, the tariffs and timetables should be made effective on not less than one days' notice.

O R D E R

IT IS ORDERED that paragraph 2.(c) of Decision No. 86044 be modified to read as follows:

"2.(c) The Tariff and timetable filings shall be made effective not earlier than one day after the effective date of this order on not less than one days' notice to the Commission and the public, and the effective date of the tariff and timetable filings shall be concurrent with the establishment of the authorized service."

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 2nd day of July, 1976.
