Application No. 56313  
(Filed March 4, 1976)

SUPPLEMENTAL OPINION AND ORDER

By Decision 85805 dated May 11, 1976, in the above proceeding, Warren Trucking Co., Inc., a corporation, was authorized to deviate from the provisions of Minimum Rate Tariff 2 in connection with transportation of newsprint paper and printing paper from various warehouses located in the vicinity of Los Angeles Harbor and Long Beach to various points in southern California. The authority is restricted to shipments that had a prior movement in interstate commerce and are to be reshipped to final destination after temporary storage from a warehouse location in Los Angeles County.

Murchison & Davis (Murchison), on behalf of Warren Trucking Co., informed the Commission by letter that prior movements in foreign commerce were inadvertently omitted from the aforementioned restriction in the above application. Murchison requests that the restriction in the authority be modified to include such movements.

In the circumstances, the Commission finds that the necessary modification should be made by the order herein. A public hearing is not necessary. The Commission concludes that Decision 85805 should be amended accordingly and the effective date of this

order should be the date hereof as corrective action should be taken as soon as possible.

IT IS ORDERED that:

1. Decision 85805 is hereby amended by substituting for Appendix A thereof Amended Appendix A which is attached hereto and by this reference made a part hereof.

2. The authority granted herein shall expire with May 31, 1977, unless sooner cancelled, modified or extended by further order of this Commission.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 27<sup>th</sup> day of July, 1976.
