Application No. 56133

SUPPLEMENTAL ORDER MODIFYING DECISION AND EXTENDING TIME

By Decision 85502 in Application 56133, applicants were granted a Certificate of Public Convenience and Necessity to operate as a Passenger Stage Corporation on or before July 20, 1976.

Upon written request dated July 13, 1976, applicants seek to extend the time to exercise the authority for an indefinite period of time until such time as a commercial airline carrier establishes scheduled operations into the Truckee-Tahoe Airport.

Applicants state that to commence their passenger stage operations at the present time would be economically unfeasible and impractical.

The time for applicants to exercise their passenger stage authority should be changed to a period not exceeding one year from the effective date of the order in Decision 85502 within which to establish the authorized service.

IT IS ORDERED that Ordering Paragraph 2(b) of Decision 85502 dated March 2, 1976 is amended to read as follows:

- 2(b) Within three hundred sixty-five days after the effective date of this order, applicants shall establish the authorized service and file tariffs and timetables, in triplicate, in the Commission's office.

In all other respects Decision 85502 in Application 56133 shall remain in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 24<sup>th</sup> day of AUGUST, 1976.
