(Petition for Extension
filed September 3, 1976)

ORDER EXTENDING EXPIRATION
DATE OF TEMPORARY CERTIFICATES

Applicants Air California and Pacific Southwest Airlines separately request an extension of the expiration date (October 1, 1976) of their respective temporary certificates to conduct passenger air carrier service to and from South Lake Tahoe. These temporary certificates were issued in Decision No. 84814 so that the gap in service at South Lake Tahoe left by the cessation of air operations by Holiday Airlines on February 6, 1975, would be filled pending the final determination of Applications Nos. 54899 and 55009. Since the issuance of the temporary certificates conditions have remained the same with the exception that a third level carrier,

Marin Aviation, has been authorized to operate temporarily between certain San Francisco Bay Area points and South Lake Tahoe. However, the facts which gave rise to the issuance of the certificates in Decision No. 84814 are substantially still the same and a further extension of time is necessary to maintain adequate and satisfactory passenger air service to and from South Lake Tahoe.

IT IS ORDERED that Ordering Paragraph 5 of Decision No. 84814 is amended to read as follows:

- "5. The authority granted herein shall expire, as to each applicant, upon the final determination, respectively, of Application No. 54899 and Application No. 55009."

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 21st
day of SEPTEMBER, 1976.
