SUPPLEMENTAL ORDER

Decision No. 86381, dated September 14, 1976, in Application No. 56586 has been found to contain errors in the rate schedules for gas service shown in Table IV of that decision. The amount of increase granted to Schedule G-9 under non-lifeline rates in the 25- to 75-therm bracket under the September 10, 1976 column has been misstated as 0.115 cents when it should read 1.015 cents. At the same time, no allowance has been made for Schedules G-1 through G-7 in the over 75-therm bracket.

The Commission finds that Table IV of Decision No. 86381 should be revised to reflect the current rate increases.

IT IS ORDERED that:

1. Table IV on page 19 of Decision No. 86381 be revised to change the rate increase granted to Schedule G-9 in the 25- to 75-therm bracket from 0.115 cents per therm to 1.015 cents per therm and that in the over 75-therm bracket, Schedule G-8 should be revised to read Schedules G-1 through G-8.

2. In all other respects Decision No. 86381 remains in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this
21st day of SEPTEMBER, 1976.
