Petition for Modification  
No. 214  
(Filed June 10, 1976)

ORDER OF DISMISSAL

The Commission's Transportation Division staff requested additional information from Asbury Transportation Co. on August 10 and August 25, 1976, in the form of an amended application which is required to justify the granting of the less-than-minimum rate authority sought by it. Considerable time has elapsed since the latter date and it has not complied with the staff's request.

Good cause appearing,

IT IS ORDERED that Petition for Modification 214 in Case 5436 is dismissed without prejudice.

The effective date of this order shall be thirty days after the date hereof unless, before such effective date, there shall have been filed with this Commission (1) written response to this order requesting public hearing or (2) an amended application containing the additional information requested, in which event the effective date of this order shall be stayed until further order of the Commission.
