ORDER CORRECTING DECISION 84-03-059

In Ordering Paragraph 9 of Decision (D.) 84-03-059 the Commission ordered San Diego Gas & Electric Company to file tariffs reflecting the authorized Major Additions Adjustment Clause (MAAC) Ownership Rate revenues for SONGS 3 in its Electric Revenue Adjustment Mechanism (ERAM). The Commission has been informed that since MAAC Ownership Rate revenues are being collected subject to balancing account treatment it was unnecessary to include such revenues in ERAM. Therefore, the sentence in Ordering Paragraph 9 reading "SDG&E is further authorized and directed to file with this Commission tariffs reflecting the authorized MAAC Ownership Rate revenues for its ERAM," should be deleted. We agree.

Unforeseen emergency condition requires that the public agenda provisions of the Government Code be waived and action under

the emergency provisions of Public Utilities Code § 306(b) be taken in order to permit D.84-03-059 to be corrected immediately.

IT IS ORDERED that:

1. Ordering Paragraph 9 is corrected to read as follows:

9. Edison and SDG&E are authorized and directed to file with this Commission revised MAAC Ownership Rate tariffs with increases equivalent to the adopted fuel savings resulting from the commercial operation of SONGS 3, less amounts used to offset the additional revenues authorized for noninvestment-related expenses for SONGS 2 and the revenues authorized for noninvestment-related expenses for SONGS 3 in this order. Such tariffs shall be effective on the date filed, but no earlier than the date SONGS 3 meets the commercial operating date criterion adopted in D.82-09-111.

2. In all other respects D.84-03-059 remains in full force and effect.

This order is effective today.
