Tariff Docket
Application 84-02-53
(Filed February 27, 1984)

O P I N I O N

By this application Tally's Truck Lines, Inc., (Tally) requests authority to cancel its participation in tariffs issued by Cal-West Tariff Bureau, Inc. and to publish an individual tariff.

Tally believes it would be better served, for various reasons, by publishing an individual tariff. Tally alleges that that due to inherent differences in the tariffs certain increases and reductions would result. Tally states that the proposal, if granted, would not increase its California intrastate gross revenue by as much as 1%.

Applicant indicates that the proposal is not considered to be a major action significantly affecting energy efficiency within the meaning of Public Utilities (PU) Code Sections 3502.1 and 3502.2.

The application was listed on the Commission's Daily Calendar of March 1, 1984. No protest to the application has been received.

Findings of Fact

1. The increases resulting from this proposal are justified.
2. The proposal will result in increasing applicant's California intrastate gross revenue by less than one percent.
3. The following order has no reasonably foreseeable impact on the energy efficiency of highway carriers.
4. Authority to depart from the provisions of PU Code Section 461.5 is justified.
5. A public hearing is not necessary.

Conclusion of Law

The application should be granted.

O R D E R

IT IS ORDERED that:

1. Tally's Truck Lines, Inc., is authorized to cancel its participation in tariffs issued by Cal-West Tariff Bureau, Inc. and to concurrently establish an individual tariff.

2. Tariff publications authorized to be made as a result of this order shall be filed on or after the effective date of this order and may be made effective not earlier than 5 days after the effective date of this order on not less than 5 days' notice to the Commission and to the public.

3. Tally's Truck Lines, Inc., in establishing and maintaining the rates authorized by this order, is authorized to depart from the provisions of PU Code Section 461.5 to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are modified only to the extent necessary to comply with this order; and schedules containing the rates published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

4. The cancellation of Tally's Truck Lines, Inc., participation in Cal-West Tariff Bureau, Inc., tariffs shall be concurrent with the effective date of its own individual tariff.

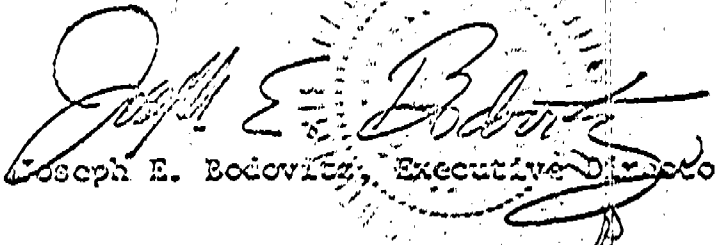

This order becomes effective 30 days from today.
