ORDER EXTENDING TIME

By Decision (D.) 84-02-047 dated February 16, 1984, Melvin L. Lindsey and Sharon A. Lindsey (Lindseys) dba High Sierra Mobilphone, were authorized to sell and transfer to High Sierra Mobilphone (High Sierra), a new California corporation, the radiotelephone utility assets and business and for High Sierra to issue on or before April 30, 1984, 2,000 shares of capital stock to the Lindsey's in consideration of the transfer of assets and business.

Because the Federal Communications Commission (FCC) has not yet acted on the Lindsey's application to transfer their radio station license to High Sierra, on April 20, 1984 an application was filed stating that due to the FCC inaction the conditions in D.84-02-047 could not be met by the April 20, 1984 deadline and requested that the time to comply be extended to and including August 31, 1984.

After consideration of the information contained in the April 20, 1984 filing, we conclude that the request should be granted.

Since the time set for the transfer and issuance of stock has expired, this order should be made effective the date of signing.

IT IS ORDERED that the date for compliance with the conditions in D.84-02-047 is extended to and including August 31, 1984.

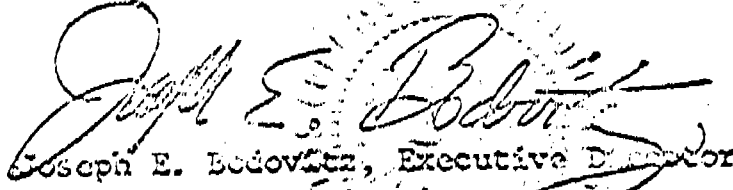

This order is effective today.
