Application 84-08-071  
(Filed August 20, 1984)

ORDER CORRECTING DECISION 84-09-096

Decision (D.) 84-09-096 dated September 19, 1984 authorized American Telephone Exchange, a joint venture, to transfer its certificate of public convenience and necessity to American Telephone Exchange, Inc. (ATEI).

D.84-09-096 granted the application but through inadvertent error authorized the transfer to ATEI rather than the corporation providing the service authorized by the certificate of public convenience and necessity and qualified to do business in California, namely, ATE, Inc.

Accordingly, under Resolution A-4661,

IT IS ORDERED that ordering paragraphs of D.84-09-096 are amended as follows:

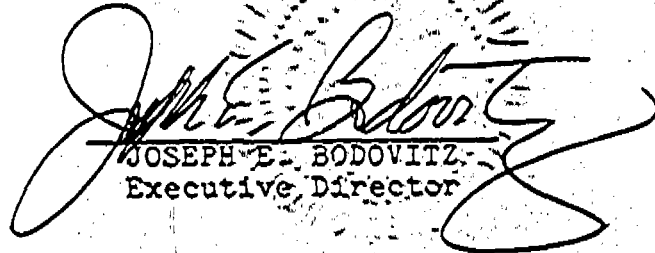

1. American Telephone Exchange, a joint venture, may sell and transfer, and ATE, Inc. may acquire the certificate of public convenience and necessity which authorizes reselling of interLATA telecommunication service.

2. Within 30 days after the consummation of the transfer authorized, ATE, Inc. shall notify the Commission, in writing, of that fact and within that period shall file with the Commission a true copy of the instrument executed to effect the transfer.

3. After the effective date of this order, and not less than five days before the actual transfer, ATE, Inc. shall file with the Commission a notice of adoption of the presently filed tariffs of the transferor in accordance with the procedure prescribed by General Order 96-A. The effective date of notice of adoption shall be concurrent with the date of actual transfer.

This order is effective today.

Dated NOV 21 1984, at San Francisco, California.

  
JOSEPH E. BODOVITZ  
Executive Director
