ORIGINAL

ORDER DENYING REHEARING  
AND MODIFYING D.88-07-072

FunBus Systems, Inc. filed an application for rehearing of D.88-07-072. We have considered all the allegations of error in the application and are of the opinion that good cause for rehearing has not been shown. However, for textual clarification, the decision should be modified in a minor respect. In addition, an authority for granting interim relief of less than the statutory period of notice is spelled out. Therefore,

IT IS HEREBY ORDERED that:

1. The following paragraph should be inserted after the second full paragraph on page 7:

"We reiterate that the interim authority granted is very limited, and thus, it shall not be interpreted to give more relief that is specifically prescribed. This interim authority would not constitute a shield against a complaint, requesting a cease and desist order, to stop any unauthorized operations."

2. The following paragraph should be inserted after the first paragraph of the "Conclusion of Law" on page 9:

"Notice of this matter did not appear on the Commission's public agenda; however, an emergency exists in that service will be discontinued to the public and the applicant's employees would suffer financial hardship if we do not act immediately." Accordingly, an emergency justifies our action today under Public Utilities Code Section 306(b)."

3. Rehearing of D.88-07-072, as modified herein, is denied. This order is effective today.

Dated OCT 14 1988, at San Francisco, California.
