ORDER DENYING APPLICATION FOR REHEARING OF
DECISION (D.) 88-12-083 FILED BY WILLIAM BENNETT

Applications for rehearing of Decision (D.) 88-12-083 have been filed by William Bennett and Toward Utility Rate Normalization (TURN). We are still considering the merits of TURN's allegations and will rule on that application at a later date.

We have reviewed each and every allegation of error raised in William Bennett's application and have concluded that sufficient grounds for rehearing have not been shown. We have also determined that Mr. Bennett has failed to comply with Rule 86.1 of the Commission's Rules of Practice and Procedure. That rule requires applications for rehearing to set forth specifically the grounds on which the applicant considers the order of the Commission to be erroneous and cautions applicants that vague assertions regarding the law or the record, without sufficient citations, may be accorded little attention.

A.84-06-014, A.85-08-025 L/SE/bjk

Therefore,

IT IS ORDERED that William Bennett's application for rehearing of D.88-12-083 is denied.

This order is effective today.

Dated MAR 8 1989 at San Francisco, California.
