

Decision 89 08 017 AUG 3 1989

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation)
 for the purpose of considering and)
 determining minimum rates for)
 transportation of rock, sand,)
 gravel, and related items in bulk,)
 in dump truck equipment in Southern)
 California as provided in Minimum)
 Rate Tariff 17-A and Southern)
 California Production Area and)
 Delivery Zone Directory 1, and the)
 revisions or reissues thereof.)

Case 9819
 Petition for Modification 104
 (Filed March 15, 1989)

O P I N I O N

Mobile Sand Company (petitioner) has filed to request a modification of Minimum Rate Tariff 17-A (MRT 17-A).

Petitioner is a California corporation and a subsidiary of Standard Concrete Products, Inc. It is located in Santa Ana, California. A copy of its Articles of Incorporation is attached to this petition as required by Rule 16 of the Commission's Rules of Practice and Procedure.

Petitioner is now producing, marketing, and distributing rock and sand products from its facility located at 2986 New York Drive, Pasadena, California, within Eaton Canyon Reservoir, which is inside existing Production Area 19-E in Los Angeles County. Zone rates are not presently available from this production facility to points within the system of delivery zones established in MRT 17-A. Petitioner has applied to have these zone rates reinstated on transportation to the delivery zones to eliminate the rate discrimination now favoring competing rock and sand producers.

The rates are to be included in Section 4 of MRT 17-A and were developed using the Commission's current cost formula resulting in computer generated rates based on the existing dump

truck traverse network by tie-in segments proposed in petitioner's pleading.

Copies of the application were mailed to the California Dump Truck Owners Association, Associated Independent Owner Operators, Inc., California Carriers Association, Department of Transportation, State of California, California Asphalt Paving Association, and the Southern California Rock Products Association. The application was noticed in the Commission's Daily Transportation Calendar on March 20, 1989 and there have been no protests or requests for a hearing.

The Transportation Division has recommended that the petition be granted.

Findings of Fact

1. Petitioner produces and sells rock and sand products out of its facility on New York Drive in the City of Pasadena. This location is within Production Area 19-E, in Los Angeles County.
2. Zone rates are not presently available from this production area to established delivery zones in Los Angeles, Orange, Riverside, and San Bernardino Counties.
3. Petitioner has applied to have zone rates established on transportation of Item 60 commodities from existing Production Area 19-E (Los Angeles County) to established delivery zones in the counties named in Finding 2.
4. If petitioner is not authorized to establish zone rates, it will continue to operate at a disadvantage in competition with others who are already applying these rates.
5. The rates adopted in the following order will result in just, reasonable, and nondiscriminatory minimum rates for the transportation involved.
6. A public hearing is not necessary.

Conclusion of Law

MRT 17-A should be amended to extend zone rates from the designated production area to the identified delivery zones.

ORDER

IT IS ORDERED that:

1. Minimum Rate Tariff 17-A (MRT 17-A) (Appendix C to D.80578, as amended) is further amended by incorporating Original Page 4-E, Original Page 4-E-1, and Original Page 4-E-2 attached, to become effective 30 days after today.
2. In all other respects, D.80578 and D.65469, as amended, shall remain in full force and effect.
3. The petition is granted as set forth above.
4. The Executive Director shall serve a copy of this decision on each subscriber to MRT 17-A.

This order is effective today.

Dated AUG 3 1989 , at San Francisco, California.

G. MITCHELL WILK
