Application 91-12-036
(Filed December 24, 1991)

O P I N I O N

FEEK'S Telecommunications Inc., (applicant), a Washington corporation qualified to do business in the State of California, seeks a certificate of public convenience and necessity (CPCN) under Public Utilities (PU) Code § 1001 to permit it to resell interLATA telephone services in California.¹

Applicant will offer interLATA long distance telecommunications services through the use of facilities leased from other interexchange carriers certificated in the State of California. As a switchless non-facilities based provider of interLATA long distance telecommunications services, applicant does not require construction of its own facilities nor does it plan any such construction. Applicant further seeks exemption from the requirements of PU Code §§ 816-830, dealing with the issuance of stocks and other evidences of ownership and bonds, notes, and other evidences of indebtedness.

¹ California is divided into ten Local Access and Transport Areas (LATAs) of various sizes, each containing numerous local telephone exchanges. "InterLATA" describes services, revenues, and functions that relate to telecommunications originating in one LATA and terminating in another. "IntraLATA" describes services, revenues, and functions that relate to telecommunications originating and terminating within a single LATA.

In Decision (D.) 90-08-032, as modified by D.91-10-041, the Commission established two major criteria for determining whether a CPCN should be granted. An applicant who does not own, control, operate, or manage telephone lines (switchless reseller) must demonstrate that it has a minimum of \$75,000 in uncommitted cash or equivalent financial resources. This minimum requirement increases 5% per year starting in 1992. Thus, for the year 1992, the minimum requirement is \$78,750. In addition, an applicant is required to make a reasonable showing of technical expertise in telecommunications or a related business.

Applicant has met the financial requirement by providing evidence of the availability of uncommitted funds for a period of at least twelve (12) months following certification of FEEK'S Telecommunications, Inc. as an InterLATA reseller, through a personal guarantee by its Chief Executive Officer, Richard E. Wilson, in the amount of \$78,750 held in a Charles Schwab account through Financial Advisors Service, 101 Montgomery Street, San Francisco, California 94104.

Applicant's managing personnel have extensive telecommunications industry experience having managed in numerous successful interexchange companies at middle and senior management positions in other states, collectively including, AT&T, Allnet, MCI and several regional interexchange carriers. Managing personnel also have experience in related telecommunications companies including US West Cellular, Motorola and the operation of FEEK'S Beepers.

We will authorize the interLATA service that applicant seeks to provide; but to the extent that the application seeks authority to provide intraLATA service, we will deny it.

Findings of Fact

1. Applicant served a copy of the application upon 159 telephone corporations with which it is likely to compete.

2. A notice of the filing of the application appeared in the Daily Calendar on January 6, 1992.

3. No protests have been filed.

4. A hearing is not required.

5. On June 29, 1983, the Commission issued Order Instituting Investigation (OII) 83-06-01 to determine whether competition should be allowed in the provision of telecommunication transmission service within the state. Many applications to provide competitive service were consolidated with OII 83-06-01.

6. By interim Decision (D.) 84-01-037, and later decisions, we granted those applications, authorizing interLATA entry generally. However, we limited the authority conferred to interLATA service; and we subjected the applicants to the condition that they not hold themselves out to the public to provide intraLATA service, pending our final decision in OII 83-06-01.

7. By D.84-06-113 we denied the applications to the extent that they sought authority to provide competitive intraLATA telecommunications service. We also directed those persons or corporations not authorized to provide intraLATA telecommunications service to refrain from holding out the availability of such service; and we required them to advise their subscribers that intraLATA calls should be placed over the facilities of the local exchange company.

8. There is no basis for treating this applicant differently than those that filed earlier.

9. Applicant has a minimum of \$78,750 in uncommitted cash or equivalent financial resources, as required by D.90-08-032, as modified by D.91-10-041.

10. Applicant has made a reasonable showing of technical expertise in telecommunications, as required by D.90-08-032, 37 CPUC 2d at 130. This showing includes a complete draft of applicant's initial tariff. (Id., p. 34.)

11. Applicant is technically and financially able to provide the proposed services.

12. Since no facilities are to be constructed, it can be seen with certainty that the proposed operation will not have a significant effect upon the environment.

13. Exemption from the provisions of PU Code §§ 816-830 has been granted to other resellers. (See, e.g., D.86-10-007 and D.88-12-076.)

14. Public convenience and necessity require the service to be offered by applicant.

15. Since no construction of facilities is to take place in connection with this application, requiring service of this application on cities and counties wherein service will be rendered in the exercise of the requested certificate would be burdensome and should be waived.

Conclusions of Law

1. Applicant is a telephone corporation operating as a telecommunication service supplier.

2. Applicant is subject to:

- a. The current 3.0% surcharge applicable to service rates of intraLATA toll and intrastate interLATA toll (PU Code § 879; Resolution T-14400) to fund Universal Lifeline Telephone Service;
- b. The current 0.3% surcharge on gross intrastate interLATA revenues to fund Telecommunications Devices for the Deaf (PU Code § 2881; Resolution T-13061); and,
- c. The user fee provided in PU Code §§ 431-435, which is 0.1% of gross intrastate revenue for the 1991-92 fiscal year (Resolution M-4757).

3. The application should be granted to the extent set forth below.

4. Because of the public interest in competitive interLATA service, the following order should be effective immediately.

5. In the circumstances of this application, service of the application on cities and counties wherein service will be rendered would be burdensome and the requirement of such service should be waived.

The State may grant any number of operative rights and may cancel or modify the monopoly feature of those rights at any time.

O R D E R

IT IS ORDERED that:

1. A certificate of public convenience and necessity is granted to FEEK'S Telecommunications, Inc., to operate as a reseller of the interLATA telecommunications service offered by communication common carriers in California, subject to the following conditions:

- a. Applicant shall offer its services only on an interLATA basis;
- b. Applicant shall not offer intraLATA services;
- c. Applicant shall not hold out to the public that it has authority to provide, or that it does provide, intraLATA services; and
- d. Applicant shall advise its subscribers that they should place their intraLATA calls over the facilities of the local exchange company.

2. To the extent that applicant requests authority to provide intraLATA telecommunication service, it is denied.

3. Within 30 days after this order is effective, applicant shall file a written acceptance of the certificate granted in this proceeding.

4. a. Applicant is authorized to file with this Commission, 5 days after the effective date of this order, tariff schedules for the provision of interLATA service. Applicant may not offer service until tariffs are on file. Applicant's initial filing shall be made in accordance with General Order (GO) 96-A, excluding Sections IV, V, and VI, and shall be effective not less than 1 day after filing.

b. Applicant is a non-dominant interexchange carrier (NDIEC). The effectiveness of its future tariffs is subject to the schedules set forth in Ordering Paragraph 5 of D.90-08-032, as modified by D.91-12-013:

*5. All NDIECs are hereby placed on notice that their California tariff filings will be processed in accordance with the following effectiveness schedule:

- *a. Inclusion of FCC-approved rates for interstate services in California public utilities tariff schedules shall become effective on one (1) day's notice.
- *b. Uniform rate reductions for existing services shall become effective on five (5) days' notice.
- *c. Uniform rate increases, except for minor rate increases, for existing services shall become effective on thirty (30) days' notice, and shall require bill inserts, a message on the bill itself, or first class mail notice to customers of the pending increased rates.
- *d. Uniform minor rate increases, as defined in D.90-11-029 for existing services shall become effective on not less than 5 working days' notice, and shall require bill inserts or a notice on the bill itself to inform customers of the increased rates.

- "e. Advice letter filings for new services and for all other types of tariff revisions, except changes in text not affecting rates or relocations of text in the tariff schedules, shall become effective on forty (40) days' notice.
- "f. Advice letter filings merely revising the text or location of text material which do not cause an increase in any rate or charge shall become effective on not less than five (5) days' notice."

5. Applicant may deviate from the following provisions of GO 96-A: (a) paragraph II.C.(1)(b), which requires consecutive sheet numbering and prohibits the reuse of sheet numbers, and (b) paragraph II.C.(4), which requires that "a separate sheet or series of sheets should be used for each rule." Tariff filings incorporating these deviations shall be subject to the approval of the Commission Advisory and Compliance Division's (CACD) Telecommunications Branch. Tariff filings shall reflect all fees and surcharges to which applicant is subject, as reflected in Conclusion of Law 2.

6. Applicant shall file as part of its individual tariff, after the effective date of this order and consistent with Ordering Paragraph 4, a service area map.

7. Applicant shall notify this Commission in writing of the date service is first rendered to the public within 5 days after service begins.

8. Applicant shall keep its books and records in accordance with the Uniform System of Accounts specified in Part 32 of the FCC rules.

9. Applicant shall file an annual report, in compliance with GO 104-A, on a calendar-year basis using the information request

form developed by the CACD Auditing and Compliance Branch and contained in Attachment A.

10. The certificate granted and the authority to render service under the rates, charges, and rules authorized will expire if not exercised within 12 months after the effective date of this order.

11. Applicant shall send a copy of this decision to concerned local permitting agencies not later than 30 days from today.

12. The corporate identification number assigned to applicant is U-5277 which shall be included in the caption of all original filings with this Commission, and in the titles of other pleadings filed in existing cases.

13. Within 60 days of the effective date of this order, applicant shall comply with PU Code § 708, Employee Identification Cards, and notify the Chief of CACD's Telecommunications Branch in writing of its compliance.

14. Applicant is exempted from the provisions of PU Code §§ 816-830.

15. Service of the application upon cities and counties wherein the service sought is to be provided, as required by Rule 18(b) of the Commission's Rules of Practice and Procedure is, for good cause shown, waived.

16. Applicant shall immediately notify this Commission if the amount of funds in the account by which the personal guarantee of Richard E. Wilson is secured falls below \$78,500.

17. The application is granted, as set forth above.
This order is effective today.

Dated June 17, 1992, at San Francisco, California.
