DEC 1 7 1992

Decision 92-12-056 December 16, 1992

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF VERTICIAL

Application of Dominquez Water Corporation (U-330-W) for Authority to Increase Rates as Authorized by NOI 92-02-053 Application 92-03-040 (Filed March 18, 1992)

Fulbright & Jaworski, by <u>David A. Ebershoff</u>,
Attorney at Law, for applicant.

<u>Jànice Grau</u>, Attorney at Law, and Daniel R.
Paige for the Division of Ratepayer
Advocates.

<u>Martin White</u>, for the Commission Advisory &
Compliance Division.

#### <u>OPINION</u>

Dominguez Water Corporation (Dominguez) requests authority to increase rates for its water service. The application which is based on a 1993 test year requested an increase of \$1,965,800 or 12.5% over 1993 revenues based upon present rates. Dominguez also requests an allowance for 1994 of \$377,900 or 2.1% above the requested 1993 proposed rates and an attrition allowance for 1995 of \$339,400 or 1.9% above the requested 1994 proposed rates.

Dominguez provides water service to approximately 32,000 customers in various service areas which include most of the City of Carson, a large portion of the City of Torrance, an industrial subdivision in the City of Compton, a strip of Los Angeles County, and a commercial subdivision tract in the City of Los Angeles.

A public hearing, which was noticed as both a public participation hearing and an evidentiary hearing, was held at Los Angeles on July 21, 1992 before Administrative Law Judge (ALJ) O'Leary.

The matter was submitted with the filing of the transcript on August 21, 1992.

Notices of the hearing were posted at Dominguez's offices, were published in numerous newspapers within the service territory, and were included as an insert with customers' bills. No members of the public appeared at the hearing to testify or make statements.

At the hearing, counsel for Dominguez and the Commission's Division of Ratepayer Advocates (DRA) advised ALJ O'Leary that a stipulation had been reached between them concerning the application. The stipulation was received in evidence as Exhibit 4 and is attached hereto as Attachment A. The underlying exhibit of Dominguez was received as Exhibit 1, and the underlying exhibits of DRA were received as Exhibits 2 and 3.

The stipulation provides for an increase in 1993 of \$1,456,500 or 9.11% rather than the \$1,965,800 or 12.5% originally requested. The attrition amount for 1994 is \$282,800 or 1.62% rather than the \$541,200 or 3.09% originally requested. The stipulation does not provide for a 1995 attrition increase. The 1995 attrition will be reviewed at the time of the filing for the 1995 attrition.

The increases set forth in the stipulation result in a rate of return of 10.63% and a return on equity of 11.5%.

On September 2, 1992 by Resolution W-3680, Dominguez was authorized to increase rates. The figures set forth in the stipulation do not reflect that increase. However, the rate design and adopted quantities set forth in Attachment B incorporate the results of the increase granted by Resolution W-3680. Attachment B also includes a revised Summary of Earnings reflecting the Resolution W-3680 increases which Summary of Earnings is to be used in future offset proceedings.

Based upon the stipulation, it is expected that the average residential customer who uses 15 Ccfs per month will

experience an increase from \$16.28 under present rates prior to the increase granted by Resolution W-3680 to approximately \$18.06 or 10.93% in 1993 and \$18.54 or 2.65% over 1993 rates in 1994.

Comments To The Proposed Decision

The ALJ's proposed decision was mailed to the parties on November 9, 1992 and filed on November 10, 1992. Comments on the proposed decision were filed by CACD. No other appearances filed comments nor were any replies to the comments filed.

The comments advise that a surcharge of \$0.036 per 100 cubic feet was inadvertently omitted from the rate schedules found in Attachment B, pages 1 and 2. The comments further point out that the surcharge is necessary due to undercollection in the balancing account.

Attachment B, pages 1 and 2 have been amended accordingly.

#### Pindings of Pact

- 1. By this application, as originally filed, Dominguez requested an increase in rates for 1993 of \$1,965,800 or 12.5% over 1993 revenues based upon present rates. Dominguez also requests an allowance for 1994 of \$377,900 or 2.1% above the requested 1993 proposed rates and an attrition allowance for 1995 of \$339,400 or 1.9% above the requested 1994 proposed rates.
- 2. The increases sought would have given Dominguez an opportunity to earn a return on equity of 12.5% and a rate of return on rate base of 11.21%.
- 3. Properly noticed public hearings in this application were held at which all interested parties had an opportunity to be heard.
- 4. Dominguez and DRA entered into the stipulation set forth in Exhibit 4 and attached as Attachment A.
- 5. The stipulation provides for an increase in 1993 of \$1,456,500 or 9.11% rather than the \$1,965,800 or 12.5% originally requested. The amount for 1994 is \$282,800 or 1.62% rather than

Conclusion of Law

the \$541,200 or 3.09% originally requested. The stipulation does not provide for a 1995 attrition increase. The 1995 attrition will be reviewed at the time of the filing for the 1995 attrition.

- 6. A return on common equity of 11.5% and a rate of return of 10.63% for the test year 1993, 1994, and 1995 are reasonable.
- 7. The rate design set forth in Attachment B attached hereto is reasonable and should be adopted.
- 8. The increase in rates and charges authorized by this decision is justified and reasonable; and the present rates and charges insofar as they differ from those prescribed by this decision are for the future unjust and unreasonable.

Dominguez should be authorized to place into effect the increased rates found to be reasonable in the findings set forth above.

#### ORDBR

#### IT IS ORDERED that:

- 1. Dominguez Water Corporation (Dominguez) is authorized and directed to file revised rate schedules reflecting the rates and rate decreases set forth in this decision and concurrently withdraw and cancel its present effective schedules. Such filings shall comply with General Order 96-A and shall be effective 5 days after filing applicable to service rendered on and after the effective date of the tariffs. In no event shall the effective date of the tariff schedules be prior to January 1, 1993.
- 2. On or after November 1, 1993, Dominguez is authorized to file an advice letter, with appropriate work papers, requesting the step rate increase attached to this order as Appendix B for the year 1994, or to file for a lesser increase in the event that Dominguez's rate of return on rate base, adjusted to reflect the rates then in effect together with normal ratemaking adjustments

for the 12 months ending September 30, 1993, exceeds the rate of return adopted in this proceeding for the test year 1993. This filing shall comply with General Order 96-A. The requested step rates shall be reviewed by the staff to determine their compliance with the order in this application and shall go into effect upon the staff's determination of compliance. Staff shall inform the Commission if it finds that the proposed rates are not in accordance with the Commission's decision, and the Commission may modify them. The effective date of the revised rates shall be no earlier than January 1, 1994 or 40 days after the filing of the advice letter, whichever is later. The revised rates shall apply only to service rendered on or after their effective date.

3. On or after November 1, 1994, Dominguez is authorized to file an advice letter with appropriate work papers, requesting the step rate increase for the year 1995, adjusted to reflect the rates then in effect together with normal ratemaking adjustments for the 12 months ending September 30, 1994, to reflect the rate of return adopted for 1993. This filing shall comply with General Order 96-A. The requested step rates shall be reviewed by the staff to determine their compliance with the order in this application and shall go into effect upon the staff's determination of compliance. Staff shall inform the Commission if it finds that the proposed rates are not in accordance with the Commission's decision, and the Commission may modify them. The effective date of the revised rates shall be no earlier than January 1, 1995 or 40 days after the filing of the advice letter, whichever is later. The revised rates shall apply only to service rendered on or after their effective date.

4. To the extent not granted herein, Application 92-03-040 is denied.

This order is effective today. Dated December 16, 1992, at San Francisco, California.

#### BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the application of	
DOMINGUEZ WATER CORPORATION (U-330-W), )	Application No.
for Authority to Increase Rates	
·	92-03-040

#### STIPULATION FOR SETTLEMENT

THE PARTIES TO THIS PROCEEDING now pending before the Public Utilities Commission desiring to avoid the expense, inconvenience and uncertainty attendant to litigation of issues in dispute between them have agreed upon a settlement of the issues set forth in this stipulation and desire to submit to the Public Utilities Commission this stipulation for approval and adoption as its final disposition of issues herein.

This proceeding is governed by the Commission's Rate Case Plan (D.90-08-045).

Appended as Exhibits JS-1, JS-2 and JS-3 to this Stipulation are Joint Stipulated Company-CPUC Staff exhibits which discuss certain of the issues stipulated to by the parties and demonstrate the dollar impact of the settlements in relation to the Company's Application and the issues raised in the CPUC Staff Report which the CPUC Staff contested or would have contested in a hearing on those issues.

The parties believe that this Stipulation is reasonable in light of the whole record, consistent with the law, and in the public interest.

Page Two

In addition, since this stipulation represents a compromise by the parties, the parties have entered into this stipulation on the basis that the Commission's adoption of this stipulation not be constructed as an admission or concession by any party regarding facts or law in dispute in this proceeding. Furthermore, it is the intent and understanding of the parties that Commission adoption of this stipulation will not be construed as a precedent or policy statement of any kind for or against the parties in any current or future proceeding.

The foregoing stipulation is understood and hereby accepted by the parties, Applicant Dominguez Water Corporation and the Commission Staff represented by the Advisory and Compliance Division.

On behalf of

CALIFORNIA PUBLIC UTILITIES COMMISSION Advisory and Compliance Division

On behalf of

DOMINGUEZ WATER CORPORATION

Title: Staff Councel
.
Date: 7/17 \* 1992

#### STIPULATION AGREEMENT

1. Issue: Water Sales - Water Sales for Residential and Small Business Customers

#### Resolution:

Residential:

181.00 ccf/customer

Small business:

1240.00 ccf/customer

Staff and Company agree that 181.00 ccf represents reasonable residential customer sales for a residential customer per year. Staff and Company agree that 1240.00 ccf represents small business sales for a customer per year taking into account current economic conditions in southern California.

2. Issue. Water Costs - Utilization of well capacity; purchased water costs; power and chemical costs; water rights and replenishment tax.

#### Resolution:

Staff agrees that over the three year period wells will be producing 85% of the time taking into account well degeneration and that additional production requirements will be satisfied by additional purchased water. Staff recognizes that adjudicated water basins limit pumping. Company will pump 15,116 acre feet in 1993 and 16,487 acre feet in 1994.

Staff agrees that only the power costs associated with pumping are contested and does accept power costs of 342,660 kwh for administrative building and 1,598,780 kwh (202.4 kwh per acre foot) for booster stations.

#### 2. Resolution Continued:

Company agrees to 700 kwh/acre foot for 1993 and 1994 based on recent Edison Pump Tests and prior four year average of 699.2 kwh/acre foot.

# 3. Issue: Lease Well Sites and Rate Base

#### Resolution:

Staff agrees to include well site lease costs for 1993 and 1994 since the land purchase costs were removed from ratebase.

Having included lease costs for well sites, Company agrees to Staff's ratebase determination and depreciation expense.

# 4. Issue: Interest for Income Tax Purposes

#### Resolution:

Staff agrees to correct the calculation for interest expense in conjunction with the reductions to ratebase for the income tax calculation purposes.

# 5. Issue: Gross to Net Multiplier

#### Resolution:

Staff agrees with utility that the gross to net multiplier should be 1.67876.

6. Issue: Accelerated Depreciation

#### Resolution:

Staff agrees to correct its income tax computation regarding accelerated depreciation.

7. Issue: Other Items

## Resolution:

The Company agrees with Staff's position on all other A & G and O & M expenses, except for outside services. Staff agrees to Company's position on outside services.

## 8. Issue: Cost of Capital

The Company agrees to Staff's capital ratios and capital cost factors which result in a rate of return of 10.63%.
