ORDER EXTENDING TIME

By Decision (D.) 93640 (as corrected by D.93667) this Commission directed the San Bernardino Valley Municipal Water District (District) and Southern California Edison Company (Edison) to "submit to the Executive Director a report on their respective positions in the negotiations" if agreement concerning a proposed water diversion and exchange project has not been reached within sixty days of the effective date of D.93640 (October 20, 1981).

By petition filed December 21, 1981, District and Edison represent that agreement between the parties appears "imminent," but that additional time is required to review and approve the proposed agreement. They ask that the time to report to the Executive Director be extended to January 29, 1982. There is no objection.
