ORDER MODIFYING DECISION 93865

By Decision (D.) 93865 dated December 15, 1981, Ugalde Trucking Co., Inc. (Ugalde) and 26 carriers engaged by Ugalde as underlying carriers, were granted authority to depart from the credit provisions of Minimum Rate Tariff 7-A (MRT 7-A). The requested relief was denied to 14 additional underlying carriers who were not properly identified.

By this petition for modification, as amended, five of the underlying carriers who were not properly identified have submitted their correct identification and request the relief previously denied as soon as possible.

There are no protests. The Commission finds that D.93865 should be modified as set forth in the following order. The order which follows should be effective on the date of signature because there is an immediate need for the relief sought.

IT IS ORDERED that Appendix B of D.93865 is amended by adding the following underlying carriers:
