Application 60400

SECOND ORDER EXTENDING TIME

Decision (D.) 93312 authorized the transfer of Franklin Delaney's public utility water system to Orleans Municipal Water Company (a mutual water company) on or before December 31, 1981. D.93312 required the transferee to comply with certain requirements of the California Department of Corporations before the transfer became effective. The time to comply with these requirements was extended to June 30, 1982 by D.82-01-66 entered on January 19, 1982.

On May 24, 1982 applicants filed a petition seeking an additional extension of time in which to comply with D.93312. The petition alleges that a filing has been made with the Department of Corporations seeking approval for the issuance and sale of stock in the mutual water company. The Department of Corporations has indicated to applicants that because of staffing problems it may take several months before action is taken on the filing.

The Commission finds and concludes that good cause has been shown and that the request for an extension of time should be granted. The ensuing decision should become effective on the date of issuance.

IT IS ORDERED that Ordering Paragraph 1 of D.93312 as amended by D.82-01-66, is deleted and in its place is substituted the following Ordering Paragraph 1:

1. On or before December 31, 1982 Franklin Delaney may transfer the water system referred to in the application to Orleans Municipal Water Company according to the terms in the application, provided, however, that before December 31, 1982 transferee amends its articles of incorporation to provide that all property owners in the Crawford Hill subdivision shall be eligible to be shareholders on a nondiscriminatory basis.

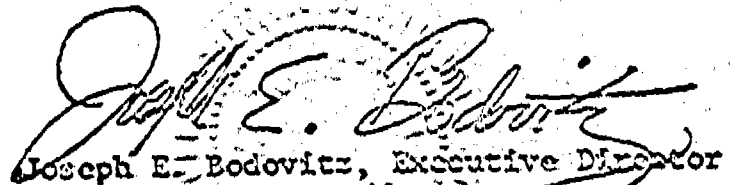

In all other respects D.93312 shall remain in full force and effect.

This order is effective today.
