Checklist requirements of Decision
No. 92251 pursuant to Decision
No. 92501 (Page 6, Item 7).

Application 60344
(Filed March 12, 1981)

ORDER OF DISMISSAL

The Alten Corporation submitted a letter, dated January 30, 1981, seeking certain exemptions from the Commission's Decision 92251, as amended, concerning the use of heat for freeze protection in its solar systems. Upon review of this letter, the Commission considered that the subject matter should be submitted as a formal matter, and it was docketed on March 12, 1981 as Application (A.) 60344.

Since starting the Demonstration Solar Financing Program in September 1980, the Commission has revised its procedures for administering the program several times to meet changing conditions.

In a letter dated July 14, 1982 to the Commission, applicant requests dismissal of the application since "Modifications of the original order made it possible for us to comply with the order without exemption."

IT IS ORDERED that A.60344 is dismissed.

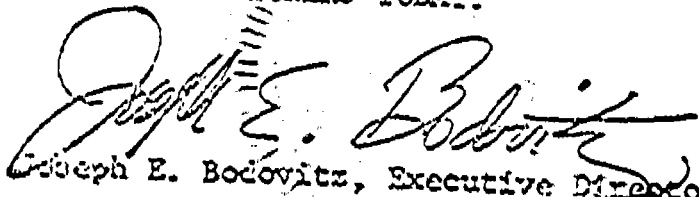

This order becomes effective 30 days from today.

Dated AUG 4 1982, at San Francisco, California.
