checklist requirements of)
Decision Nos. 92251, 92501 and)
92769.)

Application 82-01-24
(Filed January 8, 1982)

ORDER CORRECTING CLERICAL ERROR

On May 4, 1982, we issued Decision (D.) 82-05-037 which established special solar water heater sizing requirements for systems installed at residences in a retirement community in Riverside County known as Sun City. In this decision, we referred specifically to County of Riverside Ordinance No. 348.1626 which describes areas in the county which are in effect zoned for retirement communities. However, Ordering Paragraph 1 of that decision refers to Sun City rather than the zoning ordinance.

At the time D.82-05-037 was written, the Commission was operating under the belief that all of the area known as Sun City was zoned as a retirement community in accordance with County Ordinance No. 348.1626. It has subsequently come to our attention that the area zoned as a retirement community is only part of a larger area known as Sun City. Apparently some contractors are marketing solar systems under the reduced sizing criteria of D.82-05-037 at residences within Sun City, but intended for houses at the retirement community of Sun City. Because D.82-05-037 reduces the sizing requirement based on assumed occupancy rates applicable only to the retirement community, D.82-05-037 should be modified to clarify the geographic area in which the sizing exemption applies.

A.82-01-24 U/rb

Under Resolution A-4661,

IT IS ORDERED that D.82-05-037 is amended as follows
to remove clerical errors:

1. Conclusion of Law 4 is corrected as follows by addition
of the words underlined:

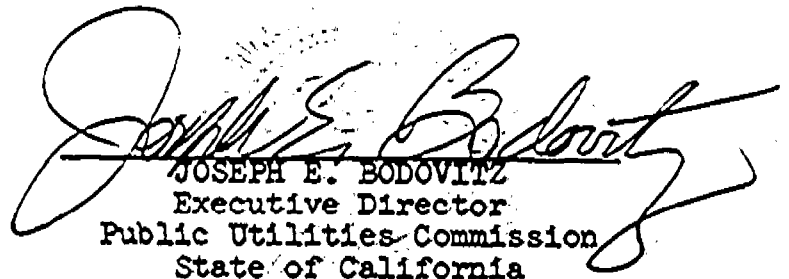

"The Energy Conservation Branch should be directed
to grant a similar exemption for solar systems at
the retirement community at Sun City only, ...at
an installation in the retirement community of
Sun City."

2. Ordering Paragraph 1 is corrected as follows by addition
of the words underlined:

"Hemet Solar, Inc. ...homes in the retirement
community of Sun City, Riverside County defined in
Riverside County Ordinance No. 348.1626 effective
upon receipt..."

This order is effective today.

Dated August 18, 1982, at San Francisco, California.

JOSEPH E. BODOVITZ
Executive Director
Public Utilities Commission
