O P I N I O N

Robert F. Silva, an individual, doing business as Bob Silva Excavation, has requested a permit as a dump truck carrier to operate in the Counties of Siskiyou, Modoc, Shasta, Trinity, and Humboldt. However, his application is supported by one shipper who will hire applicant to serve Siskiyou and Shasta Counties only. The shipper anticipates using applicant for approximately 1,500 hours in the first year.

Copies of the application were served on California Carriers Association, California Dump Truck Owners' Association, California Trucking Association, Highway Carriers Association, Associated Independent Owner-Operators, Inc., Southern California Rock Products Association, Aggregates & Concrete Association of Northern California, Inc., Associated General Contractors, California Asphalt Pavement Association, and Engineering & Grading Contractors Association, Inc.

Notice of filing also appeared on the Commission's Daily Calendar of February 23, 1982. No protests have been received.

Findings of Fact

1. Applicant:

- a. Is a fit and proper person to receive a permit to operate as a dump truck carrier.
- b. Has sufficient operating knowledge and financial ability to initiate and continue with the proposed operation.
- c. Has demonstrated that the privilege sought:
 - (1) Will not endanger the safety of the public or interfere with the public use of the public highways or impair the condition or maintenance of them, directly or indirectly.
 - (2) Will not unnecessarily burden the public highways.
 - (3) Is necessary to serve the public and will not impair the ability of presently permitted dump truck carriers to provide adequate service at the lowest possible reasonable rate.

2. Applicant has resided in the State of California for not less than 90 days preceding the filing of this application.

3. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

4. The following order complies with the Commission's Transportation Energy Efficiency Plan.

5. A public hearing is not necessary.
