ORDER CORRECTING
DECISION 82-12-072

Decision (D.) 82-12-072 (December 15, 1982) amended the Rate Case Plan (RCP) issued by the Commission on October 20, 1982 in Resolution ALJ-149. Our staff points out that Finding 2, Conclusions 1 and 3, and Ordering Paragraph 1 are not consistent with what the Commission said it intended to do in the discussion nor with amended Resolution ALJ-149, which is appended to D.82-12-072. This is due to typographical errors and other obvious inadvertent errors and omissions. These errors could cause confusion if not corrected. Accordingly, under Resolution A-4661,

IT IS ORDERED that:

1. Finding of Fact 2 of D.82-12-072 is amended as follows:^{1/}
If the information about public witness hearings is available on Day ~~40~~ 40, this would allow the utilities sufficient time to publish their notices with the required information beginning Day 100.
2. Conclusion of Law 1 of D.82-12-072 is amended as follows:
The RCP should be amended to move the acts required on Day 10 to Day ~~-35~~ and Day 40 and to change Day 1 to Day 0.

^{1/} Underscoring indicates additions; strikecovers indicate deletions.

3. Conclusion of Law 3 of D.82-12-072 is amended as follows:

Dates for public witness hearings should be set on Day 100 40, rather than Day ~~73~~ 10, and ~~there shall change~~ the RCP should be amended at Days -35, 0, 40, and 100 ~~should be made~~ to make this ~~proper~~ adjustment.

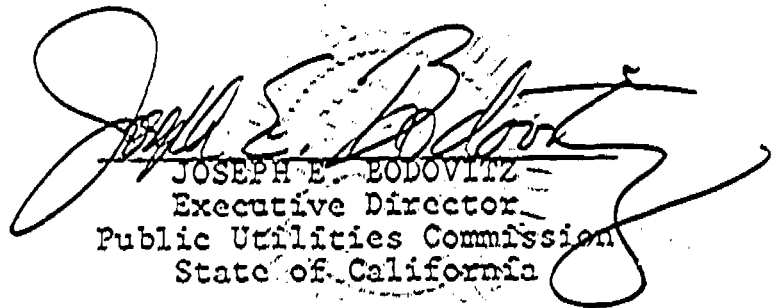

4. Ordering Paragraph 1 of D.82-12-072 is amended as follows:

Resolution ALJ-149 is amended to move the acts required on Day 10 to Day -35 and Day 40 and to change Day 1 to Day 0.

5. A corrected page, incorporating the changes made above, is appended for the convenience of the parties.

This order is effective today.

Dated January 12, 1983, at San Francisco, California.

JOSEPH E. BODOVITZ
Executive Director
Public Utilities Commission
State of California

2. If the information about public witness hearings is available on Day 40, this would allow the utilities sufficient time to publish their notices with the required information beginning Day 100.

3. The absence of a Day 0 in the RCP shortens the plan's schedule by one day.

Conclusions of Law

1. The RCP should be amended to move the acts required on Day 10 to Day -35 and Day 40 and to change Day 1 to Day 0.

2. The name of the RCPP should be changed to RCP and Resolution ALJ-149 should be amended to make this change.

3. Dates for public witness hearings should be set on Day 40, rather than Day 10, and the RCP should be amended at Days -35, 0, 40, and 100 to make this adjustment.

4. Appendix C should be amended as described above.

5. The RCP, as amended, should be appended to this order so that it may be published in the Commission's official reports.

6. The application of Pacific for rehearing should be denied.

7. There is no opposition to the following order and no reason to delay its effective date.

IT IS ORDERED that:

1. Resolution ALJ-149 is amended to move the acts required on Day 10 to Day -35 and Day 40 and to change Day 1 to Day 0.

2. All references in Resolution ALJ-149 to Rate Case Processing Plan are deleted and Rate Case Plan is substituted in their places.

3. The text of Resolution ALJ-149 is amended at Day -35, Day 0, Day 40, and Day 100 as set forth in the amended version attached hereto.

4. Appendix C of Resolution ALJ-149 is amended as set forth in the amended version attached hereto.
