

CONFIDENTIAL

Decision 83 01 041 JAN 12 1983

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the Application)
of Commuter Bus Lines, Inc., for a)
certificate to operate as a Class)
"B" Charter-party Carrier of)
Passengers in Norco, California.)

Application 82-10-18
(Filed October 8, 1982)

O P I N I O N

Applicant Commuter Bus Lines, Inc. seeks authority to operate as a Class B charter-party carrier of passengers from a home terminal at 2750 Silver Cloud Circle, Norco, California. Applicant intends to use four or more buses of 16- to 53-passenger capacity of the intercity, suburban, transit, and van type.

Notice of the filing of the application appeared on the Commission's Daily Transportation Calendar dated October 14, 1982. No protests have been received.

Applicant has been certificated as a passenger stage corporation by this Commission since 1949. Applicant already holds two Class B charter-party certificates. The first Class B certificate, granted by Decision (D.) 90294 dated May 8, 1979, authorized operations from a home terminal in Long Beach. The second Class B certificate, granted by D.82-04-029 dated April 6, 1982, authorized operations from a home terminal in Sacramento. Financial information contained in the application indicates that applicant has assets of \$645,226 and total liabilities of \$145,050 as of July 31, 1982. Applicant maintains insurance with TVI Transportation Insurance, Irvine, California.

The application alleges that the principals each have 30 years or more experience in the transportation industry.

Findings of Fact

1. Applicant has the ability, experience, equipment, and financial resources to perform the proposed service.
2. Public convenience and necessity require the service proposed by applicant.
3. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.
4. A public hearing is not required.

Conclusions of Law

1. Public convenience and necessity have been demonstrated and a certificate should be granted to applicant to pick up passengers within a radius of 40 air miles from its home terminal at 2750 Silver Cloud Circle, Norco, California 91760.
2. Since there is an immediate need for the service, the order should be effective today.

O R D E R

IT IS ORDERED that:

1. A certificate of public convenience and necessity, to be renewed each year, is granted to Commuter Bus Lines, Inc., authorizing it to operate as a Class "B" charter-party carrier of passengers, as defined in Public Utilities Code Section 5383, from a service area with a radius of 40 air miles from applicant's home terminal at 2750 Silver Cloud Circle, Norco, California 91760.

2. Applicant shall:

- a. Obtain California Highway Patrol (CHP) clearance for each vehicle to be used in this Class B charter-party operation.
- b. Notify the Commission and CHP of any addition or deletion of vehicle(s) used in the service prior to use.
- c. Establish the authorized service within 360 days after this order is effective.

3. The Passenger Operations Branch will issue the annual renewable certificate on Form PE-695 as authorized by Resolution PE-303 when it receives CHP clearances and evidence of liability protection in compliance with General Order Series 115.

4. In providing service under the certificate, applicant shall comply with General Orders Series 98 and 115 and the CHP safety rules.

5. This certificate does not authorize the holder to conduct any operations on the property of or into any airport unless such operation is authorized by the airport authority involved.

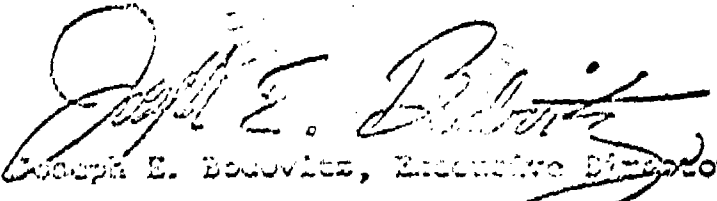

This order is effective today.

Dated January 12, 1983, at San Francisco, California.
