Case 10260  
(Filed February 15, 1977)

ORDER GRANTING MOTION IN PART

Decision (D.) 82-12-094 of December 15, 1982, in this proceeding, among other things, ordered that tariffs of respondent utilities filed in compliance with the decision to become effective on June 15, 1983, unless further postponed.<sup>1</sup>

Pacific Gas and Electric Company filed a motion to postpone the effective date of its new tariffs. It cites potential hardships that could be caused by proposed legislation. Senate Bill 48 (SB 48) would retain the currently effective tariffs while the legislature studies the effects of revisions to the line extension rules.

SB 48 has passed the Senate and is being reviewed in the Assembly. A postponement, as requested by the utilities, would enable us to better ascertain legislative intent and avoid potential hardship upon the utilities and their customers seeking extensions. However, the postponement should be limited to a period of one

<sup>1</sup> "4. Unless further postponed by this Commission, the tariffs and definitions filed in compliance with Ordering Paragraphs 2 and 3 of this decision shall become effective 6 months after the effective date of this decision."

Resolution G-2539 - Southwest Gas Corporation (gas)

Resolution E-1971 - Southern California Edison Company (electric)

Resolution E-1972 - Sierra Pacific Power Company (electric)

IT IS ORDERED that the effective date of the tariffs filed in compliance with D.82-12-094 shall be July 15, 1983.

This order is effective today.
