Applicant holds no operating authority from this Commission.

Applicant's total assets are \$96,170, of which \$41,170 is attributed to applicant's bus. Applicant projects that typical year's revenue mileage will be 52,000 miles, producing revenue of \$52,000.

Findings of Fact

1. Applicant has the ability, experience, equipment, and financial resources to perform the proposed service.
2. Public convenience and necessity require the service proposed by applicant.
3. Applicant should be authorized to pick up passengers within a radius of 40 air miles from his home terminal at 3478 Mission Street, San Francisco.
4. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusion of Law

5. This certificate does not authorize the holder to conduct any operations on the property of or into any airport unless such operation is authorized by both this Commission and the airport authority involved.
