Re Resolution M-4709
 authorizing San Diego Gas &
 Electric Company to

 Binary Geothermal Project

ORIGINAL

Application No. 59280
 (Filed November 16, 1979)

ORDER MODIFYING DECISION 91271

Ordering Paragraph 10 of Decision 91271 states:

"In addition, SDG&E shall furnish monthly reports to the Commission staff on the status of efforts to obtain additional participation in the Heber project until further notice."

Although SDG&E should continue to pursue all opportunities to obtain additional participation in the Heber project, monthly status reports on such pursuits are no longer needed. Therefore, to reduce the cost of unnecessary paperwork;

IT IS ORDERED that:

1. SDG&E is not required to submit monthly status reports to the Commission staff on its efforts to obtain additional participation in the Heber project.
2. SDG&E shall report to the Commission staff on the status of efforts to obtain additional participation in the Heber project in its semiannual report required by Ordering Paragraph 9 of Decision 91271.

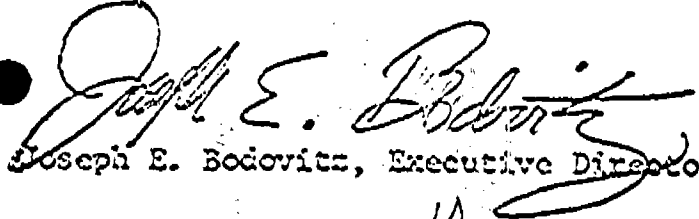

This order is effective today.

Dated JAN 5 1984, at San Francisco, California.
