DBA: MRS VALLEY TRANSPORTATION
For authority to operate as a

provide home-to-work service
between Sherman Oaks, CA
in Hawthorne. (Subject to 14-day
protest period from initial filing

Application 83-11-59
(Filed November 28, 1983)

O P I N I O N

Mar Vic Maze Devin, Inc. corporation (applicant), doing business as Mrs Valley Transportation, proposes to provide home-to-work service between points in Sherman Oaks, on the one hand, and Northrop Electronics in Hawthorne on the other hand.

Applicant's bus will arrive at Northrop at 6:55 a.m. and depart Northrop at 4:30 p.m. for the return trip.

Applicant's financial statement is attached to the application and shows assets of \$435,913 as of August 31, 1983.

Applicant proposes to provide the service using a 14-passenger, 1984 GMC bus which it will lease.

Applicant's proposed fare for a 5-day/week round trip is \$26 per month per person.

The application was listed in the Commission's Daily Calendar of December 1, 1983. The Commission's Transportation Division staff has reviewed the application and recommends that in the absence of protest or request for public hearing, it be granted by ex parte order. No protest has been received.

Findings of Fact

1. Home-to-work commuter buses play an important role in providing needed public transportation services and help to relieve an energy shortage.
2. New home-to-work services, such as proposed by applicant, should receive expedited approval.
3. On the basis of the information contained in the application, public convenience and necessity require that the proposed service be authorized for a period of one year, subject to the conditions more specifically set forth in the following order.
4. This order should be effective on the date of issuance so that the needed new service may be established as soon as possible.
5. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.
6. A public hearing is not necessary.

Conclusion of Law

The application should be granted as set forth in the following order.

O R D E R

IT IS ORDERED that:

1. A certificate of public convenience and necessity is granted to Mar Vic Maze Devin, Inc., authorizing it to operate as a passenger stage corporation as defined in Public Utilities (PU) Code Section 226, between the points and over the routes set forth in Appendix PSC-1324 of this decision, for the transportation of passengers and their baggage only.

2. Applicant shall:

- a. File a written acceptance of this certificate within 30 days after this order is effective.
- b. Establish the authorized service and file tariffs and timetables within 120 days after this order is effective.
- c. State in its tariffs and timetables when the service will start; allow at least 10 days' notice to the Commission; and make timetables and tariffs effective 10 or more days after this order is effective.
- d. Comply with General Orders Series 79, 98, 101, and 104, and the California Highway Patrol safety rules.
- e. Maintain accounting records in conformity with the Uniform System of Accounts.

3. The authority granted by this order shall remain in effect for a period of one year from the effective date of this order or until modified by further order of this Commission.

4. Applicant is placed on notice that if it accepts this expedited authorization, it waives its rights to invoke the protective provisions of PU Code Section 1032 as related to applications of other parties for similar authority for the period this authorization is in effect.

5. Applicant is authorized to begin operations on the date that the Executive Director mails a notice to the applicant that it has evidence of insurance on file with the Commission and that the California Highway Patrol has approved the use of applicant's vehicles for service.

6. The fare proposed in this application is authorized.
