Decision No. 86683

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of San Diego Gas & Electric Company in Connection with its Sundesert Nuclear Project.

Application No. 55534

ORDER GRANTING STAY OF DECISION NO. 36629

On November 15, 1976, San Diego Gas & Electric Company (SDG&E) filed its Petition for Certification of Final Environmental Impact Report on Water Supply Phase. The petition asked that the Commission issue its opinion granting such certification substantially in the form of a proposed decision attached to SDG&E's petition. SDG&E also requested that the Commission consider the petition and adopt the proposed decision at its next scheduled meeting.

On November 16, 1976, the Commission considered SDG&E's petition during its regularly scheduled meeting and issued Decision No. 86629, in form substantially similar to the proposed opinion and order submitted by SDG&E. Decision No. 86629 was effective the date thereof.

On November 17, 1976, the City of Los Angeles filed its Petition for Rehearing and Immediate Stay of Decision No. 86629. The Commission has considered each and every allegation of the City of Los Angeles and is of the opinion that grounds exist for the issuance of an immediate stay of Decision No. 86629 while the petition for rehearing of the City of Los Angeles is pending before the Commission. Therefore,

smc A. 55534

IT IS ORDERED that Decision No. 86629 is suspended until further order of the Commission.

The effective date of this order is the date hereof.

Dated at San Francisco, California this 23rd day of November, 1976.
