Decision No. 86893

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application)
of GIBRALTAR WAREHOUSES for an) Application No. 56913
Increase in Rates.) (Filed December 6, 1976)

OPINION AND ORDER

Applicant is a public utility warehouseman for the storage of general commodities at Union City. The rates, rules and regulations governing applicant's operations are contained in Gibraltar Warehouses Warehouse Tariffs Nos. 3 and 4, Cal.P.U.C. Nos. 3 and 4, respectively.

Applicant requests authority to increase its rates by approximately 11 percent. The requested rate increase has been determined by applicant without consultation or agreement with any other warehouseman.

Applicant alleges that its present rates do not yield sufficient revenue to allow it to conduct its warehouse operations at a profit.

Applicant's rates were last adjusted pursuant to authority granted by Decision 85600 dated March 23, 1976, in Application 56072.

Applicant further alleges that additional revenue is required because of increased costs in all phases of operation, the most significant being the increased cost of plant and clerical labor.

Exhibit C, attached to the application, contains revenue and expense data for the test year ended September 30, 1976 together with adjustments to reflect the proposed increase in revenue should the application be granted. The exhibit discloses that during the test year applicant sustained a loss of \$55,521 and an operating ratio of 105 percent. Had the sought rates been in effect during the test year applicant would have realized, after taxes, a profit of \$34,054, and an operating ratio of 97.1 percent.

Notice of the proposed increase was sent to each of applicant's storers. No objection to the granting of the application has been received.

3. Under the increase sought herein applicant estimates it will realize additional revenue of \$113,750 and an operating ratio after taxes of 97.1 percent.
4. The proposed increases in applicant's rates and charges have been shown to be justified.
