Case No. 7783
Petition for Modification No. 126

SECOND SUPPLEMENTAL OPINION AND ORDER

It has come to the Commission's attention that the authority granted by Decision 86510 dated October 13, 1976, in this proceeding did not reflect the intent of said decision in that it did not provide a basis for determining temperature control service charges in Item 560 of Minimum Rate Tariff 15 for the higher base rates named therein.

In the circumstances, the Commission finds that the necessary corrections should be made by the order herein and increases resulting therefrom are justified. A public hearing is not necessary. The Commission concludes that Minimum Rate Tariff 15 should be amended accordingly and the effective date of this order should be the date hereof because the tariff publication should be corrected as soon as possible.

IT IS ORDERED that:

1. Minimum Rate Tariff 15 (Appendix D to Decision 65072, as amended) is further amended by incorporating therein, to become effective March 12, 1977, Second Revised Page 1, Fifth Revised Page 32 and Second Revised Page 32-A attached hereto and by this reference made a part hereof.

2. Common carriers subject to the Public Utilities Act, to the extent that they are subject also to Decision 65072, as amended, are hereby required to establish in their tariffs the amendments necessary to conform with the further adjustments ordered herein.

3. Tariff publications required to be made by common carriers as a result of this order may be made effective not earlier than the first day after the effective date of this order on not less than one day's notice to the Commission and to the public and shall be made effective not later than March 12, 1977.

4. Common carriers, in establishing and maintaining the amendments authorized hereinabove, are hereby authorized to depart from the provisions of Section 461.5 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules containing the amendments published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

5. In all other respects, Decision 65072, as amended, shall remain in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 1st day of March, 1977.
