Application No. 57019
(Filed January 20, 1977)

O P I N I O N

Carmel Valley Transit Corporation presently operates as a passenger stage corporation (PSC-1008) to transport passengers, their baggage and express between Carmel Valley Village and Del Monte Shopping Center in Monterey.

By this application, Carmel Valley Transit Corporation seeks authority from the Commission to extend the route of Carmel Valley Transit Corporation's service a distance of about one mile from the Del Monte Shopping Center to Monterey Peninsula College.

Its present service provides transportation for Carmel Valley residents to the Del Monte Shopping Center. Junior College students from Carmel Valley presently use applicant's bus to Del Monte Shopping Center and walk the remaining distance to Monterey Peninsula College.

The extension of service to Monterey Peninsula College is to be used for the transportation of Carmel Valley residents and will not compete with any service provided by Monterey Peninsula Transit.

Notice of filing of this application appeared in the Commission's Daily Calendar on January 21, 1977. No protests have been received.

The Commission's Transportation Division staff has reviewed the application and recommends that it be granted.

After consideration, the Commission finds that public convenience and necessity require the extension of applicant's service as proposed. It can be seen with certainty that there is no possibility that this project may have a significant effect on the environment. A public hearing is not necessary.

The application should be granted and Appendix A of Decision 86524 should be revised accordingly.

O R D E R

IT IS ORDERED that:

1. A Certificate of Public Convenience and Necessity is granted to Carmel Valley Transit Corporation, authorizing it to extend its present operations as a passenger stage corporation, as defined in Section 226 of the Public Utilities Code, between Del Monte Shopping Center and Monterey Peninsula College over the route set forth in Appendix A of Decision 86524, as amended by the revised page attached hereto.
2. Appendix A of Decision 86524 is amended by incorporating First Revised Page 1 attached hereto, in revision of Original Page 1.
3. In providing service pursuant to the authority granted by this order, applicant shall comply with the following service regulations. Failure so to do may result in a cancellation of the authority.
 - (a) Within thirty days after the effective date of this order, applicant shall file a written acceptance of the certificate granted. Applicant is placed on notice that if it accepts the certificate it will be required, among other things, to comply with the safety rules administered by the California Highway Patrol, the rules and other regulations of the Commission's General Order No. 98-Series, and the insurance requirements of the Commission's General Order No. 101-Series.

- (b) Within one hundred twenty days after the effective date of this order, applicant shall establish the authorized service and file tariffs and timetables, in triplicate in the Commission's office.
- (c) The tariff and timetable filings shall be made effective not earlier than ten days after the effective date of this order or not less than ten days' notice to the Commission and the public, and the effective date of the tariff and timetable filings shall be concurrent with the establishment of the authorized service.
- (d) The tariff and timetable filings made pursuant to this order shall comply with the regulations governing the construction and filing of tariffs and timetables set forth in the Commission's General Orders Nos. 79-Series and 98-Series.
- (e) Applicant shall maintain its accounting records on a calendar year basis in conformance with the applicable Uniform System of Accounts or Chart of Accounts as prescribed or adopted by this Commission and shall file with the Commission, on or before March 31 of each year, an annual report of its operations in such form, content, and number of copies as the Commission, from time to time, shall prescribe.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 9th day of MARCH, 1977.
