Application No. 57064

ORDER DENYING PETITION FOR PROPOSED REPORT

Air California, a protestant in this application, has filed a petition for the issuance of a proposed report in accordance with Rule 78 of the Commission's Rules of Practice and Procedure. Applicant objects to the petition.

Hearings have been completed in this application and Administrative Law Judge Thompson took the matter under submission subject to ruling on this petition with the proviso that if the petition is denied, concurrent briefs in the application shall be received 45 days after the filing of transcript.

We have considered the petition and conclude that the issuance of a proposed report will not promote the administration of justice in this matter. The petition should be denied and the

application should be taken under submission subject to briefs pursuant to the ruling of the Administrative Law Judge; therefore,

IT IS ORDERED that the petition for a proposed report is denied.

The effective date of this order is the date hereof

Dated at San Francisco, California, this 7<sup>th</sup>
