Application No. 57574

ORDER EXTENDING EXPIRATION DATE
OF DECISION NO. 86485 IN APPLICATION NO. 56190

Applicant holds authority to assess less than the otherwise applicable minimum rates pursuant to Decision No. 86485 dated October 13, 1976 in Application No. 56190. The authority is scheduled to expire November 2, 1977.

On September 16, 1977 applicant filed the instant application seeking a 90-day extension of the expiration date. The application alleges that recently the Commission has changed its requirements with respect to Section 3666 applications, and it is impossible to gather the necessary data prior to the expiration date of the existing authority.

Under the circumstances the Commission concludes that the application should be granted subject to the requirements set forth in the ensuing order. Since it is unlikely the Commission can process the renewal application within ninety days, the extension granted herein will be for a period of six months after the effective date of this order.

IT IS ORDERED that:

1. The expiration date set forth in Decision No. 86485 in Application No. 56190 is extended to six months after the effective date of this order.

2. Application for renewal of the authority set forth in Decision No. 86485 shall be filed within sixty days after the effective date of this order.

3. Applicant shall be prepared to proceed to hearing, if necessary, with the filing of the renewal application.

4. In the event the application for renewal is not filed within sixty days as required by paragraph 2 of this order, the authority set forth in Decision No. 86485 shall be revoked.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 12th day of OCTOBER, 1977.

I dissent.
