OPINION AND ORDER

Eureka Aero Industries, Incorporated (Eureka Aero) operates as a passenger air carrier between several points located in northern California. Among the points served are Red Bluff and Chico.

Eureka Aero seeks authority pursuant to Sections 2766 and 2769.5 of the Public Utilities Code- to suspend service at Red Bluff

1/ "2766. Upon application for suspension or deletion of any certificated point, the commission may authorize a special temporary suspension. Such suspension, when authorized, shall be effective 30 days after the filing of said application and shall only remain effective, however, pending hearing and decision on the application if an interested person or party so requests. The special temporary suspension may be ordered for a maximum 90-day period, and may be renewed by the commission for an additional 90-day period, if such additional time is required to complete the proceedings before the commission, except that a stay of the commission's decision, on its own motion or by the Supreme Court, will serve to continue the special temporary suspension until 10 days after termination or a review proceeding " or a review proceeding.

"2769.5. No passenger air carrier shall discontinue operations between any two or more terminals without authority of the commission, unless such operations are unprofitable. Unprofitable operations may be discontinued upon 60 days' notice to the commission, and to such other persons as the commission may may require, unless within such 60-day period the commission, after hearing, makes a finding that such operation is not unprofitable and orders lits: continuances "second and and strand logo at motor
