OPINION AND ORDER

By these petitions, P.W. Gillibrand, doing business as P.W. Gillibrand Company, seeks extension of the system of zone rates for the transportation of rock, sand and gravel from the Los Angeles County Production Area 19-KK to various delivery zones in Los Angeles, Santa Barbara and Ventura Counties; and from Ventura County Production Area 56-0 to various delivery zones in Los Angeles and Santa Barbara Counties.

Petitioner is in the business of manufacturing, marketing and distributing rock, sand and gravel products from the aforementioned production areas.

Establishment of the sought zone rates would provide rates for the transportation which are the same in kind and character as the zone rates in Minimum Rate Tariff 17-A that apply from numerous other production areas to delivery zones in Los Angeles, Santa Barbara and Ventura Counties. The round-trip times, one-way distances, costs, and resulting zone rates have been prepared by the Transportation Division based upon the formula and procedures previously found reasonable in establishing existing zone rates. However, the Transportation Division recommends that the rates for rock, sand and gravel from Production Areas 19-KK and 56-0 be made applicable to all delivery zones in Los Angeles, Santa Barbara and Ventura Counties as the petitions encompass practically all the delivery zones for these counties.

JAN 19 1978

58283

Copies of the petitions were served on various known carrier and shipper organizations and other parties on or about January 6 and 16, 1978. The petitions were listed on the Commission's Daily Calendars of January 16 and 18, 1978. No objection to the granting of the petitions has been received.

In the circumstances, the Commission finds that the establishment of additional zone rates, as recommended by the Transportation Division, from Los Angeles County Production Area 19-KK and Ventura County Production Area 56-0 as hereinafter provided will result in just, reasonable and nondiscriminatory minimum rates for the transportation involved. A public hearing is not necessary. The Commission concludes that the petitions, as amended, should be granted to the extent indicated in the ensuing order.

IT IS ORDERED that:

1. Minimum Rate Tariff 17-A (Appendix C of Decision 80578, as amended) is further amended by incorporating therein to become effective thirty-nine days after the date hereof, Seventh Revised Page 4-KK, Seventh Revised Page 4-KK-1, Eighth Revised Page 9-N, Eighth Revised Page 9-0 and Original Page 9-0-1, attached hereto and by this reference made a part hereof.
2. Common carriers subject to the Public Utilities Act to the extent that they are subject to Decision 80578, as amended, are authorized to establish in their tariffs the amendments necessary to conform with the further adjustments ordered herein.
3. Tariff publications authorized to be made by common carriers as a result of this order may be made effective not earlier than thirty-nine days after the date hereof and may be made effective on not less than five days' notice to the Commission and to the public if filed not later than sixty days after the effective date of the minimum rate tariff pages incorporated in this order.
4. Common carriers in establishing and maintaining the amendments authorized hereinabove, are hereby authorized to depart from the provisions of Section 461.5 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with

this order; and schedules containing the amendments published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

5. In all other respects Decision 80578, as amended, shall remain in full force and effect.

The effective date of this order shall be thirty days after the date hereof.

Dated at San Francisco, California, this 21st day
of MARCH, 1978.
