ority to deviate from specified )  
rates, rules and regulations in )  
the Minimum Rate Tariff 12-A for )  
the transportation of specified )  
automobiles and trucks from )  
Benicia and Richmond for General )  
Motors Corporation. )

Application No. 57828  
(Filed January 23, 1978)

OPINION AND ORDER

By this application, Insured Transporters, Inc., a corporation, requests authority to deviate from the provisions of Minimum Rate Tariff 12-A (MRT 12-A) by assessing rates per vehicle in lieu of rates per vehicle which vary according to the number of vehicles in the shipment. Applicant also requests authority to deviate from any provision of MRT 12-A which may be inconsistent with the uniform application of such single factor rates. The proposal involves the transportation of automobiles and trucks from Benicia and Richmond to all points in California for General Motors Corporation and its subsidiaries.

By Decision 84615 in Application 55512 dated July 1, 1975 applicant was authorized to deviate from the provisions of MRT 12-A in exactly the same manner as proposed herein. This authority was granted for one year and since no request for renewal thereof had been received by the Commission it was allowed to expire on July 1, 1976.

As previously stated in Application 55512, applicant has been transporting motor vehicles for General Motors Corporation and certain of its subsidiaries for several years and it seeks no reduction in aggregate revenues, but seeks only to change the form of its billing.

Revenue and expense data submitted by applicant indicate that the transportation involved has been profitable and reasonably may be expected to be profitable during the ensuing year.

The application was listed on the Commission's Daily Calendar of January 25, 1978. No objection to the granting of the application has been received.

In the circumstances, the Commission finds that applicant's proposal is reasonable. A public hearing is not necessary. The Commission concludes that the application should be granted.

IT IS ORDERED that:

1. Insured Transporters, Inc., a corporation, is hereby authorized to depart from the provisions of Minimum Rate Tariff 12-A as set forth in Appendix A attached hereto and by this reference made a part hereof.

2. The total freight charges assessed under the authority granted in ordering paragraph 1 hereof shall not be less than those which would have been assessed had the rates and accessorial charges stated in Minimum Rate Tariff 12-A been applied.

3. Insured Transporters, Inc. shall retain and preserve copies of its freight bills, subject to the Commission's inspection, for a period of not less than three years from the dates of issuance thereof and each such copy of its freight bills shall have attached a statement of the charges which would have been assessed if the minimum rates had been applied and full information necessary for accurate determination of the charges under Minimum Rate Tariff 12-A.

4. The authority granted herein shall expire one year after the effective date of this order unless sooner canceled, modified or extended by further order of the Commission.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 18th day of APRIL, 1978.

APPENDIX A

## INSURED TRANSPORTERS, INC.

The authority herein granted applies to the transportation of motor vehicles, freight or passenger, not exceeding 64 inches in height, by Insured Transporter, Inc., for General Motors Corporation and its subsidiaries from Benicia and Richmond to various destinations in California.

## Conditions:

1. Applicant has not indicated that subhaulers will be engaged. If subhaulers are employed they shall be paid not less than the rates authorized herein without any deduction for use of applicant's trailing equipment.
2. Split pickup and split delivery services will not be accorded, nor will any other service be accorded which may be inconsistent with the application of a single factor rate.
3. In all other respects the rates and rules in Minimum Rate Tariff 12-A shall apply.
