ORDER CORRECTING DECISION NO. 88697

It has come to the Commission's attention that the incorrect Page 8 in Decision No. 88697 of the above applications was inadvertently substituted for the correct Page 8. Therefore, the second paragraph of Page 8 of Decision No. 88697 is amended to read as follows:

"Cancellation costs of Sundesert are estimated at about \$20 million. If Sundesert is canceled, a reasonable basis for recovery of the expense incurred by SDG&E to date would be to amortize over a five-to-ten year period the cancellation costs consisting of nonrecoverable development and regulatory expenses; to consider the Sundesert site as plant held for future use; and to include in rate base the plant siting costs. This issue is reserved to the NOI 3 proceeding."
