Decision No. 88765 MAY 2 1978

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of William F. Armbruster  
for modification and emergency  
relief of Decision No. 86193 (dated  
August 3, 1976).

Application No. 57928  
(Filed March 15, 1978)

O P I N I O N

Applicant William F. Armbruster requests that the Commission issue an order exempting from the provisions of Decision No. 86193 all persons holding a valid sewer permit at the time of the application. Applicant states that he secured a sewer permit on June 16, 1977.

Ordering Paragraph 3 of Decision No. 86193 states:

"3. Respondent shall make no new connections until such time as it can demonstrate a sufficient water supply to provide for additional customers without adversely affecting service to existing customers. Respondent shall exempt therefrom all applicants for service having a building permit issued prior to August 3, 1976."

On March 21, 1978, subsequent to the filing of this application, the Commission issued Decision No. 88618 in Case No. 10093, which was effective on the date issued. That decision, in Ordering Paragraph No. 2, lifts the ban on water service as follows:

"2. On and after the effective date of this order, applicants for water service having a valid sewer permit may be connected to the Montara District water system of Citizens Utilities Company of California."

All persons, including the applicant, who have a valid sewer permit may now receive water service upon making appropriate request therefor to the Citizens Utilities Company of California, Montara District.

The Commission concludes that the application should be dismissed.

O R D E R

IT IS ORDERED that the application is dismissed.

The effective date of this decision shall be thirty days after the date hereof.

Dated at San Francisco, California, this 2nd  
day of MAY, 1978.
