Resolution No. ET-1242

ORDER DENYING REFEARING

The California Department of Transportation has filed a petition for receission of Resolution No. ET-1242. The Commission having considered each and every allegation contained therein is of the opinion that no good cause for granting the requested relief has been shown. The City of San Clemente has filed Application No. 58023, requesting permanent authority to retain its local railroad speed ordinance. Accordingly, opponents of the application will have an opportunity to file protests and request a public hearing. Therefore,

IT IS ORDERED that the petition for rescission of Resolution No. ET-1242 is denied.
