Application No. 58031
(Filed April 28, 1978)

O P I N I O N

Raymond Erta and Raymond William Erta, co-partners, doing business as OH N'D AH Trucking Service (sellers), request authority to sell and transfer, and Raymond William Erta, an individual, doing business as Coastal Enterprises Refrigerated Transportation, (purchaser), requests authority to purchase and acquire a highway common carrier certificate of public convenience and necessity. The certificate was granted by Decision 85414 dated February 3, 1978 in Application 56033. It authorizes the transportation of fresh or frozen fish and empty containers between points in San Francisco Territory, on the one hand, and Moss Landing, Santa Cruz and Monterey, on the other hand.

Raymond Erta has sold his interest in the partnership for the sum of \$40,742.80 to Raymond William Erta. The latter intends to continue the business as an individual but under the new business name of Coastal Enterprises Refrigerated Transportation. No other changes in the operations of the carrier are contemplated.

It is alleged that the transfer will not cause any change in service, routes or substantive matters. For this reason no service of the application was made on competing carriers. A financial statement of the purchaser showing a net worth of \$78,990 was filed as Exhibit 1 to the application.

Sellers publish their OH N'D AH Trucking Service Local Freight Tariff No. 1 to cover the certificated operations. Purchaser

will be required to adopt the tariff to cover the transferred operating authority. Notice of the filing of the application appeared in the Commission's Daily Calendar of May 1, 1978. No protests to the application have been received.

After consideration the Commission finds that the proposed transfer would not be adverse to the public interest and that it and a deviation from the Commission's Rules of Practice and Procedure, which require wide dissemination of the application, should be authorized. The Commission concludes that the application should be granted.

A public hearing is not necessary. The order which follows will provide for, in the event the transfer is completed, the revocation of the certificate presently held by Raymond Erta and Raymond William Erta, co-partners, doing business as OH N'D AH Trucking Service, and the issuance of a certificate in appendix form to Raymond William Erta, an individual, doing business as Coastal Enterprises Refrigerated Transportation.

Purchaser is placed on notice that operating rights, as such, do not constitute a class of property which may be capitalized or used as an element of value in rate fixing for any amount of money in excess of that originally paid to the State for the grant of such rights. Aside from their purely permissive aspect, such rights extend to the holder a full or partial monopoly of a class of business. This monopoly feature may be cancelled at any time by the State, which is not in any respect limited as to the number of rights which may be given.

The authorization granted shall not be construed as a finding of the value of the rights authorized to be transferred.

O R D E R

IT IS ORDERED that:

1. Raymond Erta and Raymond William Erta, co-partners, doing business as OH N'D AH Trucking Service may sell and transfer the operative rights referred to in the application to Raymond William Erta, an individual, doing business as Coastal Enterprises Refrigerated Transportation. This authorization shall expire if not

exercised by December 31, 1978, or within such additional time as may be authorized by the Commission.

2. Within thirty days after the transfer the purchaser shall file with the Commission written acceptance of the certificate and a true copy of the bill of sale or other instrument of transfer.

3. Purchaser shall amend or reissue the tariff on file with the Commission, naming rates and rules governing the common carrier operations transferred to show that he has adopted or established as his own said rates and rules. The tariff filing shall be made effective not earlier than five days after the effective date of this order on not less than five days' notice to the Commission and the public, and the effective date of the tariff filing shall be concurrent with the transfer. The tariff filing made pursuant to this order shall comply in all respects with the regulations governing the construction and filing of tariffs set forth in the Commission's General Order No. 80-Series. Failure to comply with the provisions of General Order No. 80-Series may result in a cancellation of the operating authority granted by this decision.

4. In the event the transfer authorized in paragraph 1 is completed, effective concurrently with the effective date of the tariff filing required by paragraph 3, a certificate of public convenience and necessity is granted to Raymond William Erta, an individual, authorizing him to operate as a highway common carrier as defined in Section 213 of the Public Utilities Code, between the points and over the routes set forth in Appendix A, attached hereto and made a part hereof.

5. The certificate of public convenience and necessity granted by Decision 85414 is revoked effective concurrently with the effective date of the tariff filing required by paragraph 3.

6. Purchaser shall comply with the safety rules administered by the California Highway Patrol and the insurance requirements of the Commission's General Order No. 100-Series.

7. Purchaser shall maintain his accounting records on a

calendar year basis in conformance with the applicable Uniform System of Accounts or Chart of Accounts as prescribed or adopted by this Commission and shall file with the Commission, on or before April 30 of each year, an annual report of his operations in such form, content, and number of copies as the Commission, from time to time, shall prescribe.

8. Purchaser shall comply with the requirements of the Commission's General Order No. 84-Series for the transportation of collect on delivery shipments. If purchaser elects not to transport collect on delivery shipments, he shall make the appropriate tariff filings as required by the General Order.

9. The applicants are granted a deviation from the Commission's Rules of Practice and Procedure to the extent that they are required to serve copies of the application only on those parties which request such service.

The effective date of this order shall be thirty days after the date hereof.

Dated at San Francisco, California, this 25th day of JULY, 1978.
